CONNECTIONS

THE CAMPUS LIFE HANDBOOK

1992-93

STETSON UNIVERSITY

WELCOME TO STETSON UNIVERSITY!

Welcome! I hope that all of you are looking forward to an eventful and prosperous year.

Vice-President Ron Piccolo and I have worked hard to make the 1992-93 school year the most exciting ever. Stetson belongs to a great tradition of excellence, but Stetson also belongs to you the students. Feel free to express your ideas, suggestions, and concerns to me, and together we will do the best to address them. Stetson is the place to be, and I am here to serve you. I look forward to working with you.

Have a great year!

Sincerely,

Gayle Littleton

Gayle Littleton
Student Association President

Stetson is a community committed to facilitating your intellectural, social, physical and spiritual development. Please take advantage of the variety of opportunities for challenge and growth that are offered to you.

"Connections" is an official publication of the University. It is designed to help you become aware of the opportunities for personal development available to you as well as the policies and procedures governing student life. Academic programs, policies and requirements are explained in greater detail in the Stetson University *Bulletin*.

We are glad you are here. We hope Stetson will be a better place because of your presence.

James R. Beasley

James R. Beasley
Vice President and
Dean of Campus Life

The University reserves the right to alter or amend these policies from time to time. Any changes will be considered to be included by reference into this document and will constitute a supplement to these policies.

ALMA MATER

Dear Alma Mater, smile upon thy children!
Gladly we greet thee, altogether lovely;
Peace be within thy classic halls and temples,
Hail, Alma Mater dear!

Hail to the heroes who have gone before us,
Young men and maidens, filled with true devotion!
Bright is their glory, fadeless and undying,
Hail to our heroes gone!

Hail to our classmates, bound by ties ne'er broken;
Here once again we pledge our vows of friendship;
Brave hearts and true hearts sound aloud and chorus,
Long live our comrades dear!

Dear Alma Mater, tenderly thy children
Gather, and bring to thee gracious salutations;
Comrades, your voices lift once again in chorus;
Hail, Alma Mater dear!

THE STETSON COMMUNITY

STATEMENT OF PURPOSE

Stetson University aspires to be a comprehensive private university made up of individually strong undergraduate academic programs in various colleges and schools, each of which is recognized by its peers for intellectually exciting programs, effective teaching, and a selected group of academically distinctive graduate and continuing education programs. The University promotes and supports scholarly and creative activity among students and faculty as a means to enhance teaching, learning and professional development and as a contribution to the broader base of knowledge.

Stetson University provides distinctive programs which include a comprehensive university curriculum that is united by a commitment to Christian values and the liberal arts and a learning environment which affords special leadership skills, and the interaction of students, faculty, and staff. The University also shares a commitment to social responsibility and provides services on a selective basis to its wider community through such avenues as continuing education, public service programs, and the volunteer work of individual faculty, students and administrators.

Stetson seeks students whose basic objective is a well-rounded intellectual and aesthetic self-development program. Many will be pre-professional and career oriented students who desire a broadly based learning experience. Stetson attempts to admit students who have demonstrated high academic and leadership potential as well as a sense of personal and community responsibility.

Through a high level of faculty, staff, and alumni involvement, and a demanding but caring environment, Stetson prepares students to pursue careers, enter highly selective graduate programs, pursue lifelong learning, and lead meaningful lives of service in their communities.

A BRIEF HISTORY

The city of DeLand and Stetson University have literally grown up together. DeLand was a small village when Mr. Henry DeLand, the principal citizen of the town, conceived the idea of founding a school. The first classes of "DeLand Academy" were held in the First Baptist Church of DeLand in 1883. The Academy became a college in 1885. In 1889 the name was changed to Stetson University in honor of the famous hat manufacturer, John B. Stetson, who made generous contributions to the University both in time and money.

DeLand Hall, one of the best-loved buildings on campus, is a reminder of the vision and dream which Mr. DeLand had when the University was founded. This small building in the center of the campus was the first building to be erected in the State of Florida for the teaching of higher education. It has been preserved in its original construction and has recently been renovated to house various administrative offices.

The University was a College of Liberal Arts until the founding of the College of Law in 1900, the first law school in Florida. The College of Law was moved to St. Petersburg in 1954, where larger courts and other advantages were available in that metropolitan area. Stetson also pioneered in Florida the teaching of music and business administration and in offering graduate work leading to the MA degree.

ACADEMIC CALENDAR 1992-1993

FALL SEMESTER 1992 (66 CLASS DAYS - 40 MWF & 26 TTH)

Friday, August 28	Residence Halls open 8:30 a.m. (New Students Only) Food Service opens 11 a.m. (New Students Only)
Sunday, August 30	Residence Halls open 8:30 a.m. (Returning Students) Food Service opens 11 a.m. (Returning Students)
Friday-Tuesday August 28-September 1	New Student Orientation and Academic Advising
Monday-Tuesday August 31-September 1	New Student Registration and Validation of Registration by Returning Students
Wednesday, September 2	CONVOCATION. Classes Begin.
Wednesday, September 9	Last Day to Add Course for Credit. Last Day to Drop Course without Financial Penalty
Friday, October 2	Last Day to Drop Course without Academic Penalty
Saturday, October 3	CLAST Test for Sophomore Students
Monday, October 19	Grade Inventories Due to Registrar
Friday-Sunday October 23-25	PARENTS' WEEKEND
Monday-Friday October 26-30	Academic Advising for *Upperclassmen* for Winter Term and Spring Semester
Monday-Tuesday November 2-3	Registration for *Upperclassmen* for Winter Term and Spring Semester
Monday-Wednesday November 9-11	Academic Advising for *Freshmen* for Winter Term and Spring Semester
Thursday, November 12	Registration for *Freshmen* for Winter Term and Spring Semester
Wednesday, November 25	Residence Halls close 6:00 p.m. Food Service closes 6:00 p.m.
Thursday-Friday November 26-27	THANKSGIVING HOLIDAY
Sunday, November 29	Residence Halls open 12:00 noon
Monday, November 30	Classes resume. Food Service opens 7:00 a.m.
Friday, December 4	Last Day of Classes
Monday-Friday December 7-11	Final Examinations
Friday, December 11	Food Service closes 2:00 p.m. Residence Halls close 6:00 p.m. (except for those students participating in Commencement)
Friday, December 11	Grades for graduates due to Registrar by 9:00 a.m.
Sunday, December 13	COMMENCEMENT

WINTER TERM 1993 (17 CLASS DAYS)

Sunday, January 3	Residence Halls open 12:00 noon New Student Orientation Academic Advising
Monday, January 4	Food Service opens 7:00 a.m. New Student Registration and Validation of Registration for Returning Students Classes Begin

WINTER TERM *(Continued)*

Wednesday, January 6	Last Day to Add Course for Credit. Last Day to Drop without Financial Penalty.
Tuesday, January 6	Last Day to Drop Course without Academic Penalty
Tuesday, January 26	Last Day of Classes
Wednesday, January 27	Final Examinations Food Service closes 2:00 p.m. Residence Halls remain open

SPRING SEMESTER 1993 (64 CLASS DAYS - 38 MWF & 26 TTH)

Sunday, January 31	Food Service opens 4:00 p.m.
Monday, February 1	New Student Registration and Validation of Registration by Returning Students Classes Begin
Monday, February 8	Last Day to Add Course for Credit. Last Day to Drop Course without Financial Penalty.
Saturday, February 20	CLAST Test for Sophomore Students
Friday, March 5	Last Day to Drop Course without Academic Penalty
Friday, March 12	Grade Inventories due to Registrar Residence Halls close 6:00 p.m. Food Service closes 6:00 p.m.
Monday-Friday March 15-19	SPRING HOLIDAYS
Sunday, March 21	Residence Halls open 12:00 noon
Monday, March 22	Classes resume. Food Service opens 7:00 a.m.
Monday-Friday April 5-9	Academic Advising for Summer Session and Fall Semester
Sunday, April 11	EASTER
Tuesday-Thursday April 13-15	Registration for Summer Session and Fall Semester
Thursday, May 6	Last Day of Classes
Friday, May 7	Reading Day
Saturday-Thursday May 8-13	Final Examinations
Thursday, May 13	Residence Halls close 6:00 p.m. (except for those students participating in Commencement)
Friday, May 14	Final grades for graduates to Registrar by 9:00 a.m.
Saturday, May 15	Food Service closes 6:00 p.m.
Sunday, May 16	BACCALAUREATE and COMMENCEMENT Residence Halls close 6:00 p.m.

SUMMER SESSION 1993 (35 CLASS DAYS)

Saturday, June 5	CLAST Test for Sophomore Students
Sunday, June 6	Residence Halls open 12:00 noon
Monday, June 7	Food Service opens 7:00 a.m. Academic Advising, New Student Registration and Validation of Registration of Returning Students

SUMMER TERM *(Continued)*

Tuesday, June 8	Classes Begin
Friday, June 11	Last Day to Add Course for Credit. Last Day to Drop Course without Financial Penalty for Eight-Week Session.
Friday, June 18	Last Day to Drop Course Without Academic Penalty for Eight-Week Session.
Thursday, July 1	Final Examinations for First Four-Week Session
Friday, July 2	INDEPENDENCE DAY HOLIDAY
Monday, July 5	Classes Begin for Second Four-Week Session
Friday-Saturday July 16-17	Orientation, Academic Advising and Advance Registration for New Students
Friday, July 16	Final Examinations for Six-Week Session
Tuesday, July 27	Last Day of Classes
Wednesday-Thursday July 28-29	Final Examinations for Second Four-Week Session and for Eight-Week Session
Thursday, July 29	Food Service closes 2:00 p.m.
	Residence Halls close 3:00 p.m. (except for those students participating in Commencement)
Friday, July 30	Final Grades due to Registrar by 9:00 a.m.
Saturday, July 31	COMMENCEMENT

ACADEMIC POLICIES

The Stetson University *Bulletin* is the official University publication which contains information regarding degree requirements, grades, class attendance, academic probation, etc.

DEGREE REQUIREMENTS

A detailed listing of all academic requirements, including those for a specific degree and major, may be found in the University *Bulletin*. **It is the student's responsibility to insure that all requirements for graduation have been met.**

To assist the student in this effort, the Office of the Registrar maintains an up-to-date "check sheet" for each student. This outlines the requirements of the student's major and records his/her point average progress toward the degree. The student is sent a copy of the check sheet each semester prior to academic advising and registration. Additional copies are 50 cents each.

The following is a summary of some academic policies and procedures about which students frequently ask.

CHANGE OF MAJOR

A student who wishes to change a major should first consult with his/her academic advisor. The change may then be made in the office of the appropriate academic Dean.

ACADEMIC LOAD

A student must average 14-16 hours per semester and three hours each Winter Term in order to graduate in four years. A student who carries fewer than 12 hours is a *part-time* student. A part-time student does not qualify for the Honor Roll or Dean's List and may not qualify for certain kinds of financial aid or for other benefits which require certification of full-time status. For the Winter Term, fewer than three hours is considered part-time; fewer than six hours is considered part-time for summer school. Students who take eight hours or more pay full tuition.

ATTENDANCE

Independent study is encouraged at the University, but regular attendance is required in most classes. Stetson prescribes no general attendance rule; the individual colleges and schools may establish attendance regulations, but usually attendance requirements are established by individual professors for their own classes.

ACADEMIC RECORDS

Academic records (transcripts) are maintained in the Registrar's Office. Students may examine their personal records upon request. The record is not released without the student's written permission. Exceptions to this policy are administrative and faculty personnel within the University who have a need to know. A charge is assessed for each copy requested. Transcripts are withheld if the student is not in good financial standing with the University.

INTERPRETATION OF GRADES AND QUALITY POINTS

Grades and quality points represent the instructor's final estimate of the student's performance in a course. The grade of A (+ or -) may be interpreted to mean that the instructor recognizes exceptional capacity and exceptional performance. The grade of B (+ or -) signifies that the student has, for any combination of reasons, gained a significantly more effective command of material than is generally expected in the course. The grade of C+ or C is the instructor's certification that the student has demonstrated the required mastery of the material. A student is graded C- or D (+ or -) when his/her grasp of the course essentials is minimal. The F grade indicates failure to master the essentials and the necessity for repeating the course before credit may be earned.

Quality points are values assigned to letter grades. Students' cumulative grade-point averages are based on a four-point scale. Letter grades are assigned the following numerical equivalents per semester hour:

A+	= 4.00	C	= 2.00
A	= 4.00	C-	= 1.67
A-	= 3.67	D+	= 1.33
B+	= 3.33	D	= 1.00
B	= 3.00	D-	= 0.67
B-	= 2.67	F	= 0.00
C+	= 2.33		

I = Incomplete. This is the grade given when, because of illness or other extenuating conditions, the instructor's academic Dean has approved an extension of time for the completion of a course. The work of the course must be completed two weeks prior to the last day of classes in the next academic semester or enrollment (excluding winter and summer terms); but in all cases, except graduate thesis courses, it must be removed within 24 months from the date issued regardless of enrollment status; otherwise the **I** becomes an **F.** If a grade of **I** has been assigned, in no case may the course be repeated to improve grade standing.

NC = No credit, no quality points earned, does not affect grade-point average.

P = credit, no quality points earned, does not affect grade-point average.

W = an approved withdrawal from the University before the mid-term grade inventory. No credit or quality points are earned and the grade-point average is not affected.

WP = an approved withdrawal from the University after the mid-term grade inventory. The grade is given according to the instructor's evaluation. No credit or quality points are earned and the grade-point average is not affected.

WF = an approved withdrawal from the University after the mid-term grade inventory. The grade is given according to the instructor's evaluation. No credit or quality points are earned, but the grade **WF** is treated as hours attempted and the grade-point average is affected.

X = the grade received for late drop of a course without academic penalty. No credit or quality points are earned and the grade-point average is not affected. The grade must be approved by the student's academic dean.

XF = the grade received for late drop of a course with academic penalty. No credit or quality points are earned, but the grade **XF** is treated as hours attempted and the grade-point average is affected. The grade must be approved by the student's academic Dean.

FORGIVENESS OF "F" GRADE

An undergraduate student may repeat a failed course to receive credit and improve the cumulative grade-point average. If a higher grade is earned, only the hours attempted and quality points earned for the passed attempt will be used in computing the student's cumulative grade-point average. However, all attempts will remain part of the student's permanent academic record. The Pass/Fail grade option may not be used when repeating a failed course, unless it was the grade option selected for the initial attempt.

This policy pertains to undergraduate, degree-seeking students only and applies to "F" grades earned during the Fall Semester of 1991 and subsequent academic terms. It does not apply to courses failed prior to that time. To have a failed grade forgiven, the sudent should obtain an "F" Grade Forgiveness form from the Registrar's Office,have it signed by the Dean of the school in which the failed course is taught, and return it to the Registrar's Office by the end of the Add period. Failed courses which are repeated, but have not been approved by the appropriate Dean, will not be forgiven.

QUALITY POINT COMPUTATION

A cumulative average of C (2.00 GPA) requires a student to have earned two quality points for each credit hour attempted. To graduate, a student must earn a minimum of 126 credit hours and 252 quality points, if all work is completed at Stetson. If credit has been transferred from another institution, then a minimum of 48 credit hours and 96 quality points must be earned at Stetson. The combined credit hours earned must still total a minimum of 126 to graduate. The grade-point average is determined by dividing the total quality points earned by the total hours attempted, including all courses failed. Only courses taken at Stetson are included in the student's cumulative grade-point average.

CHANGE OF REGISTRATION (DROP/ADD)

During the first few days of each term, an opportunity is accorded students to make changes in their class schedules. The exact dates for this period vary each term and are published in the official University calendar included in this bulletin. The necessary change-of-registration forms are available in the Registrar's Office. *Within the drop/add period*, a certain initial period of time is allowed for students to add as well as drop courses without academic penalty. **It is imperative that students consult the University calendar for the exact dates provided each term for adding or dropping courses.** A change of registration after the "add" period does not reduce charges. A course dropped after the drop period carries a grade of X or XF as determined by the appropriate academic Dean. No course may be dropped after the last day of classes in any given term.

PASS/FAIL CREDIT

During the four semesters of their junior and senior years, students are allowed a total of two pass/fail electives which are excluded from their grade point averages. These electives must be beyond all University distributional requirements and outside the division in which the student is majoring. They may not be used to satisfy requirements for a minor. To exercise this option, students must obtain a pass/fail form from the Office of the Registrar and have the form signed by their faculty advisor during the add period. A student may not initiate such a request after the last day to add a course.

In the School of Business Administration, pass/fail electives must be beyond all School of Business Administration requirements and must be courses offered outside the School of Business Administration.

During the Winter Term, pass/fail credit options may be available. They are not counted against the two allowed above, but all other restrictions apply. Such grade options are arranged directly with the instructor of the course.

EXAMINATIONS

Examinations are given in all courses at the end of each academic term. Students who miss an examination without prior permission from the Dean of the applicable school or college will be graded "F" in that course.

ACADEMIC WITHDRAWALS

Official withdrawal from the University can be granted only after proper clearance from the Office of the Assistant Dean of Campus Life and the Dean of the college or school concerned. Students who leave the University without proper permission automatically suspend themselves and can be readmitted only by special approval of the Dean of the appropriate college or school. A grade of "F" is recorded for all courses when a student leaves without approved withdrawal. The student begins the withdrawal process in the Office of the Assistant Dean of Campus Life. Students may not withdraw after the last day of classes in a term. (For explanation of **W, WP,** and **WF** grades, see preceding page.)

ACADEMIC STANDING

Every undergraduate student enrolled at Stetson University is expected to earn and maintain an average grade of at least "C" (2.0 G.P.A.) on all course work attempted. A cumulative average of "C" (2.0 G.P.A.) is required for graduation.

ACADEMIC WARNING

Any student whose cumulative average falls below a "C" (2.0 G.P.A.) at the end of a grading period will be given an academic warning. This warning will be in effect until an overall "C" (2.0 G.P.A.) average is regained. If a student earns a "C" (2.0 G.P.A.) or higher average for a single semester but the cumulative average remains below a "C", the warning will be continued.

ACADEMIC SUSPENSION

Any student on academic warning who becomes deficient by eighteen (18) or more quality points will be suspended, normally for a period of eight (8) months. Also, a student may be suspended if the student fails all of the course work attempted during the first semester at Stetson. During the time that a student is on academic suspension, any academic work taken at another institution will not be accepted for credit toward the requirements for graduation at Stetson University.

READMISSION AFTER SUSPENSION

A student who has been academically suspended for the first time is eligible to apply for readmission after the period of suspension has been served. The student should apply to the Dean of the college or school for readmission at least thirty (30) days prior to the scheduled date of registration for the term for which the student seeks readmission. A student who is readmitted following a suspension will be continued on academic warning.

Students readmitted to the University following an academic suspension who fail to maintain a grade point average of 2.0 (C) or higher each semester until their quality point deficiency is reduced to less than 18 will be suspended a second time. This is considered academic dismissal.

Also, readmitted students who reduce their quality point deficiency below 18 and later become deficient by 18 or more quality points will be suspended again (dismissal).

READMISSION AFTER A SECOND SUSPENSION (DISMISSAL)

A second suspension is considered to be academic dismissal. Under ordinary circumstances, a student will not be readmitted following a second suspension.

ADMINISTRATION AND APPEALS

Academic suspension and readmission are the administrative responsibilities of the Deans of the college and schools. Inquiries, appeals, and requests for readmission should be directed to the appropriate Dean.

REENTRY

Students who reenter the University after being absent for one semester or more (Fall or Spring) do so through the Office of the Registrar. Upon reentry students must meet the degree requirements of the University Bulletin in effect at the time of their reentry.

GRADE INVENTORIES

Once each semester, at mid-term, unsatisfactory grades are reported. This is called a grade inventory. Only grades less than C are reported and these are not recorded on the student's permanent record. They are simply to give the student an idea of progress up to the time of the inventory. It is the student's responsibility to arrange for conferences with the instructor, faculty advisor, a student Dean, or anyone else whom the student feels may be of help.

APPEAL FROM DECISION OF ACADEMIC DEAN

Student appeals for relief from an academic regulation of the University should be directed to the Dean of the school or college in which the student has chosen to major. The Dean has the responsibility for maintaining the

integrity of all academic policies and regulations of the University and the decision of the Dean normally is considered to be final.

Stetson is committed to fairness, equity, and justice in all relationships. A student who feels that the decision by the Dean is either arbitrary or grossly unfair may appeal the Dean's decision to the Provost. This appeal must be in writing and must show why, in the view of the student, the decision of the Dean was unfair. The appeal should be delivered to the Office of the Provost and should provide the Provost with the following additional data:

- full name
- student number
- academic major
- academic adviser
- local addresss
- local telephone number

The Provost will communicate his response to the formal appeal in writing to the local address provided by the student after consultation with the involved parties.

ACADEMIC HONESTY

Academic honesty and integrity are essential to the well-being and proper functioning of an academic community. Any time students attempt to gain access to information pertaining to their normal course of study through dishonest means, they not only show little concern for their own personal sense of integrity, but they infringe on the rights of all other members of the academic community. For this reason, the following academic regulations exist:

1. No student shall receive or attempt to receive information from another person about normal course work that is intended to be done on an individual basis, either in class or out of class.
2. No other person shall ever knowingly give such information to another person.
3. Almost every student has heard the term "plagiarism." In starkest terms, plagiarism is stealing — using the words or ideas of another as if they were one's own. The major problem lies with unintentional plagiarism. If, for example, another's complete sentence, syntax, key words, or even only the ideas and information are used, one must give that person credit through proper documentation or recognition, as through the use of footnotes.
4. No student shall obtain or attempt to obtain in any deceptive or unauthorized manner information or documents such as tests, examinations, roll books, reports, etc., that are considered to be the confidential or private property of other students, faculty, administrative personnel, or of the University.
5. The following policies will cover acts of dishonesty:
   A) On the first occurrence in any course, the minimum penalty will be a zero on the paper, test, or examination. The maximum penalty will be failure in the course. Within these limits, the instructor will confer with the accused student and inform him or her as to what specific penalty the instructor intends to impose.

B) A report of each occurrence will be sent to the Assistant Dean of Campus Life/Student Judicial Officer and to the appropriate academic Dean to become a part of the student's record.

C) Upon receipt of a report of a second occurrence in any course by the same student, the Assistant Dean of Campus Life/Student Judicial Officer will initiate appropriate action under the Student Code of Conduct.

D) Administrative disciplinary action for academic dishonesty is not to be considered in any way a substitute for an academic penalty imposed by the instructor for the same offense.

ACADEMIC HONORS

Undergraduate students who have attended Stetson University only and whose cumulative grade point average (GPA) is 3.50 and 3.69 are graduated Cum Laude; if it is 3.70 and 3.89, they are graduated Magna Cum Laude; and if it is 3.9 or higher they are graduated Summa Cum Laude.

Undergraduates who have attended other academic institutions have earned 64 or more credit hours at Stetson are also eligible for all academic honors. In such cases the academic requirements for honors must be met both on all graded work taken at Stetson, and on all the combined graded work taken at Stetson and at previous institutions.

The Honor Roll includes undergraduates with a 3.0 GPA based on twelve hours work with no grade below a "C". The Dean's List include Juniors and Seniors with a 3.5 GPA based on twelve hours of work attempted and no grade below a "B".

ACADEMIC COMPUTER SERVICES

Flagler Hall Computer Lab — Ext. 7065

M-Th	8:00 a.m. - Midnight
Fri	8:00 a.m. - 4:00 p.m.
Sat	Noon - 5:00 p.m.
Sun	Noon - Midnight

Davis Hall Computer Lab — Ext. 7066

M-Th	8:00 a.m. - Midnight
Fri	8:00 a.m. - 4:00 p.m.
Sat	Closed
Sun	Noon - Midnight

Elizabeth Hall Computer Lab — Ext. 7067

M-Th	9:00 a.m. - Midnight
Fri	9:00 a.m. - 4:00 p.m.
Sat-Sun	Closed

All labs are equipped with IBM PS/2 and Macintosh microcomputers, as well as VAX terminals. Valid student ID is required.

DUPONT-BALL LIBRARY

The du-Pont-Ball Library's services include inter-library loans, computer assisted reference services, audio-visual services, photocopy machines, and microfilm and microfiche reader printers. Reserve books are available at the

circulation desk and reference assistance is available daily and in the evenings, Sunday through Thursday. No food, drink, or smoking is allowed in the Library.

All material to be used outside the Library must be checked out at the Circulation Desk. You must present your Stetson ID so that necessary records can be made. Books may be checked out for three weeks and overdue charges are twenty-five cents ($0.25) a day. The maximum overdue fine per book is $5.00. Additional information about Library services and policies may be obtained at the Reference Desk.

Library Hours (academic year):

Mon.-Thurs.	8:00 a.m.-Midnight
Friday	8:00 a.m.-10:00 p.m.
Saturday	9:00 a.m.-5:00 p.m.
Sunday	1:00 p.m.-Midnight

(Exceptions: Holidays and examination schedules will be posted)

CAMPUS LIFE SERVICES

CAREER SERVICES

Stetson University established the Career Services Center to counsel and guide students and alumni in career planning and to assist them in conducting successful job searches.

This office, located in Flagler Hall, provides career counseling for all students; maintains a Career Library containing referenced materials pertaining to career employment opportunities, employment trends, and specific job opportunities; assists students with resume preparation and interviewing techniques; schedules on-campus interviews with representatives of various businesses, industrial firms, and governmental agencies; provides referral service of students' credentials to potential employers; and serves as a clearinghouse for internships and off-campus part-time and summer employment. Through the Career Network Program Stetson students can talk with alumni to obtain information about various career fields or to begin their networking activities. Each October the office hosts the Annual Career Exposition (ACE) involving business, industrial, and governmental agencies who serve as career consultants. This activity is open to the entire student body.

INTRAMURAL SPORTS

Stetson has one of the most comprehensive intramural programs of any school of its size in the country. Over two-thirds of the student body participates in a wide variety of men's and women's intramurals. The sports include flag football, basketball, softball, volleyball, ping pong, badminton, golf, racquetball, and tennis. Various teams are established from residence halls, fraternities, sororities, and other campus organizations. Intramurals also sponsors special events including a variety of tournaments, cookouts, and the annual Faculty/Staff softball game. The Intramural Sports Office is located on the first floor of the Carlton Union Building.

JUDICIAL AFFAIRS

In any society, large or small, where people live in a community, there must be certain rules established to guarantee the safety, rights and freedom of all concerned. This is also true of Stetson University, a community dedicated to personal and academic excellence. The University does not exist as a refuge for those who wish to escape the responsibilities imposed by federal, state and/or municipal law. A student who has committed a violation off-campus and whose case is being adjudicated in a public court or hearing is not guaranteed immunity from further review and/or action by the appropriate University official or hearing body.

Students violating the University's established policies and codes face varying degrees of disciplinary sanctions. The judicial process of the University is explained in detail in the Student Code of Conduct in this Handbook.

University judicial proceedings concerning students are administered by the Assistant Dean of Campus Life and Director of Student Judicial Affairs (Student Judicial Officer). The office of the Assistant Dean/Student Judicial Officer is in Room 217 of the Carlton Union Building.

Any student, Staff member, or faculty member may report to the Assistant Dean a student believed to be in violation of any University regulation.

JUDICIARY COUNCIL

The University Judiciary Council serves a a link between the University Administration and the students. Any student's violation of University Regulations may be brought before the Council for adjudication. The Council, in adjudicating each case, tries to develop a sense of responsibility and high standard of conduct in each Stetson student as a corollary to its judicial function.

The Judiciary Council consists of two sophomores, four juniors, and six seniors, making a total of twelve members in all. One sophomore, two juniors, and three seniors will be female, while the corresponding number will be men. Students maintain their position on the Council until expected graduation from the University. Elections to the Council are held every spring under the rules of the Council Constitution. No more than three members of any recognized student group may be members of the University Judiciary Council at one time.

MINORITY STUDENT PROGRAMS

Stetson considers diversity in the University community to be not only highly desirable but essential to its mission. Through the establishment of an office of Multicultural Affairs, the University commits itself to achieving a higher level of social maturity and tolerance for differing cultures. The Coordinator of Multicultural Affairs promotes cultural diversity and awareness on the campus and serves as a counselor, advisor, and resource to minority students. All students are invited to visit the Multicultural Affairs office in Room 203 in the Carlton Union Building.

RESIDENTIAL LIFE

Stetson University prides itself on being a residential University. Approximately 1,500 undergradute students reside on campus in University facilities. Stetson is concerned not only with the formal education of its students but also with their total development as persons. The residence hall program contributes to this effort toward personal growth and development.

The University desires to provide housing of the highest possible quality at the lowest possible rate. Residence halls are staffed with student advisors who are chosen and trained by the staff of the Dean of Campus Life. The residence education staff is committed to working with students in develop-

ing a sense of community conducive to academic and personal growth through programming, advising, and acquainting students with the total college experience.

Residential Life's relationship with students is based on the assumption that residents are adults, capable of initiating reasonable decisions to ensure their own rights and to respect the rights of others. Freedom, self-direction and responsibility are emphasized.

For additional information explaining the residential life program, please refer to the Residential Life Guidebook located in the back of this Handbook.

STUDENT HEALTH SERVICE

Stetson provides a full-time professionally staffed Student Health Service (SHS) which is located across from the Stetson pool.

Under the direction of the University Physician, the staff includes six registered nurses and a consulting pharmacist. The University Physician holds office hours in the Health Service at 1:45 p.m. on Monday, Tuesday, Thursday, and Friday, and at 8:00 a.m. on Wednesday. He is available at other times for consultation. All currently enrolled Stetson students are eligible for treatment. This includes on-campus, commuter, part-time, and graduate students.

The SHS is staffed by a registered nurse from Sunday, 7:00 p.m. to Saturday, 7:00 a.m., as well as 1:00-2:00 p.m. on Saturday. If medical assistance is necessary during the time that the Health Service is closed, students should use the emergency room of either West Volusia Memorial Hospital or Fish Memorial Hospital, both of which are located within five minutes of the campus.

All students must complete a medical history record. Documentation of immunizations for measles and rubella are required prior to registration.

The SHS operates as a primary outpatient clinic as well as providing limited inpatient care. The SHS offers an Allergy Clinic, wellness and health education, referrals and counseling. Examinations, treatments and discussions with students are considered privileged medical information and are treated with the maximum confidentiality afforded by law and ethical standards.

Medical excuses covering absences from class or University exercises are not issued by Student Health Service. Course requirements, attendance, opportunities and methods of making up missed work are responsibilities of the faculty and academic administration. It is the privilege of instructors to require verification of any absence when they feel it is indicated. Students should be seen at the Health Service for medical treatment on the day of an illness. Documentation of visits by students will serve only to verify an illness, not to excuse it.

While visits to the Health Service are included in the General Fee paid in connection with registration of classes, students are charged for certain supplies, medication, and laboratory tests prescribed by the University Physician.

Health Insurance: It is very important that students and parents understand that the University does not automatically provide insurance for students. A student accident and sickness insurance plan is offered through the office of Vice-President for Finance.

It is suggested that students who are included in family policies bring this information and have the policy numbers available in the event of accident or emergency illness.

STUDENT LIFE

The Stetson University mission to educate is fulfilled through a partnership involving curricular and co-curricular programs. The Student Life program is a vital part of the University's mission. Student organizations are a vital part of the University and the Student Life program.

The primary role of student organizations at Stetson University is to provide students with opportunities (1) to enhance the University's mission to educate, (2) to meet specific student needs, (3) to broaden their social and leadership skills, (4) to encourage spiritual growth and a sense of moral and social responsibility, and (5) to provide an avenue for campus and community service. In these ways, organizations provide a means through which the University clarifies its long-range goals, and students participate directly in programs that enrich campus life.

As a part of the role which student organizations play in the education process, organizations provide students with opportunities to explore new ideas and new leadership roles, and to engage occasionally in the open debate of controversial issues. Students are allowed to succeed, to fail, to argue, to discover new truths and to make mistakes. Students are taught how to live with others in an open spirit of freedom, compromise, and mutual respect.

Stetson University recognizes *the legal right* of persons to assemble and to speak and the significant role free speech and academic freedom play in the life of a university. Student *organizations*, however, *do not speak for or represent* the University, nor are their views or activities necessarily promoted or condoned by the University.

REQUIREMENT FOR STUDENT ORGANIZATIONS:

RECOGNITION - All student organizations *must be approved* by the University in order to be officially recognized. They must have a Charter, a set of officers, a list of members, a statement of purpose, and a program of activities.

RESTRICTIONS - The University recognizes the legal right of students to organize and to speak in an environment supportive of an open exchange of ideas. Nonetheless, the University *does not allow* organizations on campus which deny human rights of other individuals, which disrupt orderly University processes, or which attempt to do psychological or physical harm to others.

PROCEDURE - In order to qualify as a recognized organization at Stetson University, the following must be accomplished:

1. The group seeking recognition must submit to the Office of Student Life a constitution with the following information:
   a. Name of organization
   b. Purpose of organization
   c. Membership eligibility
   d. List and description of officers and duties
   e. List of committees and their functions
2. Roster of Charter members
3. Name of faculty advisor and his/her statement of consent to serve in advisory capacity.
4. The constitution, list of Charter members and faculty advisor consent statement must be submitted to the Campus Life Committee one week prior to voting
5. The recommendation of the Campus Life Committee is sent to the Vice President/Dean of Campus Life for final approval.

POLICY ON HAZING - Stetson University believes that involvement in student organizations greatly enhances the development of college students. An organization's member education program, if developed and conducted in an atmosphere of mutual respect with social and moral responsibility, can contribute much to the student's total education. In keeping with this principle, and in view of the possibility of abuses by student organizations at Stetson and university campuses throughout the country, Stetson University has defined hazing as "any action taken or situation created intentionally, on or off the University campus, by students or off-campus individuals to produce physical discomfort, embarrassment, harrassment, or ridicule." Any student organization found in violation of this policy will be subject to a review of its continued functioning by the Vice President/Dean of Campus Life at which time appropriate action of the most serious kind will be taken.

Student organizations may develop more detailed statements on hazing which may be supported by the University.

GREEK LIFE

Greek-letter organizations have traditionally assumed an active role in contributing the the cultural, educational, and social life of the campus in providing leadership opportunities for students. At Stetson University, students have the opportunity to affiliate with six national sororities and six-national fraternities. At Stetson University, sororities and fraternities are involved in educational programs, community service, and leadership development, in addition to providing a strong bond of friendship among those invited to affiliate with the organizations. Greek-letter organizations are an exciting part of University life. Fraternities and sororities hold Formal Rush activities (membership drives) in the fall for returning and certain transfer students and in the Winter term semester for freshmen.

STUDENT ORGANIZATIONS

On the following page is a list of officially recognized organizations for the 1992-93 academic year. Each student organization is responsible for completing a registration renewal form with the Director of Student Life no later than October 1st of each year, declaring their intention to function for the current academic year. Organizations failing to do this will forfeit the right to use University facilities, receive University funds, and be represented in student publications such as the student newspaper and the yearbook.

1992-93 CAMPUS ORGANIZATIONS

ACADEMIC ORGANIZATIONS:

College of Arts and Sciences

American Chemical Society
Art Club
Association of Exercise Science and Sport
Deutsch Club (German)

Stetson Union Board (SUB)
Student Association (SA)
Touchstone Literary Magazine

***Pending Charter Renewal**

STUDENT ASSOCIATION

The principle avenue for student participation in University governance is through the Student Association (SA). The working bodies of the SA include the Student Senate, the Executive Council, and the President. Senators are appointed from every on-campus student organization. In addition to providing input on university policies and lobbying for student concerns, SA selects student chairpersons for FOCUS, Greenfeather, Homecoming and Parents' Weekend and recommends students to sit on university committees.

All students are invited to SA meetings and to stop by the SA office in CUB Room 206.

STETSON UNION BOARD

The Stetson Union Board (SUB) is a volunteer student organization that provides Stetson University with a diverse range of campus activities and programs available for all students.

The Stetson Union Board's executive committee consists of a president, vice-president, secretary, treasurer, and 10 chairpersons, all elected at the end of the previous year. Each committee chair is responsible for running their own committee meetings; a meeting of the combined committees will be held once a month, with the president presiding. All students are encouraged to participate in the Board through one of the diverse committees, or through attendance at SUB sponsored events.

The committees include:

Concerts:

The concert committee organizes a variety of top-quality performances throughout the year, in a variety of settings around campus — including the Homecoming entertainment. From bands to comics, the SUB Concert committee has included Jay Leno, Survivor, Lewis Grizzard, and Kansas in their list of past performances. The committee is responsible for setting the schedule, promoting the events, meeting the demands of the contract, and presenting the entertainers to the Stetson community.

Games:

For the child in all of us, the Games committee offers an array of organized activities including scheduled pool and volleyball tournaments, karaoke, wacky water sports and video games. The responsibilities of this committee span from planning the event to scheduling, to publicizing, and finally . . . partaking in the fun.

Night Lites:

This committee is responsible for the year-round operation and management of the university's nightclub, Night Lites. Night Lites will be the central location for live bands, comedians, and special theme parties. Committee members will work hard to promote Night Lites as the Number 1 entertainment spot on Stetson's campus.

Special Events:

The Special Events committee sponsors unique activities for the Stetson community including an Oktoberfest, Monster Bash, Casino Night, Reggae Sunsplash, and Harvest Fest. From polka to reggae, casino chips to hay and bandannas, this committee always has its hands full! Committee members are responsible for planning these events, as well as coordinating with other SUB committees and other campus organizations.

Spinal Tech:

The Spinal Tech committee manages the total operation of SUB's technical equipment, ranging from indoor and outdoor stage lights and highly advanced D.J. equipment. The committee is also responsible for providing a D.J. for weekend nightclub events. As the true "spine" of the Stetson Union Board, Spinal Tech makes every event come alive.

Stetson Outdoor Club:

For all outdoor lovers, the Stetson Outdoor Club (SOC) plans and leads trips to experience Mother Nature. Adventures like canoeing, hiking, tubing, horseback riding and camping are scheduled throughout the academic year. Or, you can rent SOC equipment and create an adventure yourself. SOC committee members are responsible for planning, coordinating and publicizing the trips that take you to see the real beauty of Florida.

SUB Cinema:

From blockbusters to old favorites, SUB Cinema's weekly schedule is sure to contain many "must-see" movies. All movies are held in the CUB lounge on Thursday evenings. However, some special events are held outside such as the *Rocky Horror Picture Show* at Hulley Tower.

Submerge:

This committee is responsible for the year-round recruitment of new members by designing promotional items such as brochures, an introductory video, T-shirts, and cups. Committee members continue promoting SUB by representing the organization at most campus events, including the Organizational Fair and Greenfeather.

Top Hat:

Comedy channel stars! Hypnotists! Daring jugglers! The Top Hat committee brings a variety of entertainment to the campus. Past acts have included Carrot Top, Bertice Berry, Dave Wopat, and many other outstanding single-person acts. Top Hat also provides opportunities for Stetson students to perform as a headliner during talent nights held at Night Lites, the University's nightclub.

Travel:

For students who love to travel, the SUB committee provides organized trips and group discounts to area fun spots. Past groups have braved Sea World, Disney World and Pleasure Island, Sea Escape, and Busch Gardens. Future trips will include Light Up Orlando, Jacksonville Jazz Festival, and Tampa's Gasparilla Celebration. The Travel committee plans all trips and makes the necessary arrangements, such as vehicles and group discount rates. So, grab a friend and see some of the best attractions in Florida.

The SUB Office is located in the lobby of the CUB, Room 101, and any student may attend meetings held every Monday night at 6:30 p.m.

FOCUS - "Friends on Campus"

The Orientation Program is the responsibility of the Office of Student Life. The FOCUS Committee is chaired by students who lead in the planning of the program designed to help new students become acquainted with the University. In addition to the orientation activities, each new student is assigned a FOCUS Advisor, an upperclass student who assists the students in their academic planning and social adjustment at Stetson. The FOCUS staff is selected each spring to serve for the following year.

GREENFEATHER

Every fall, Stetson students have their own community fund drive. "Greenfeather Week" involves many students who raise funds by participating in variety shows, art festivals, flea market sales, and many other activities climaxed by a gala Carnival at the end of the week. Annually students raise over thirty thousand dollars to share with the United Fund of Volusia County and with other worthy organizations in the community.

HOMECOMING

Homecoming provides a program which students as well as returning alumni can enjoy. It is tradition to bring to the Edmunds Activities Center some outstanding entertainment, in addition to the Homecoming basketball game and various activities where old friends can renew acquaintances and meet present students.

PARENTS' WEEKEND

Each year over 300 families from all parts of the country come to participate in the weekend activities. Emphasis is placed upon providing opportunities for parents to meet and visit with faculty and administration and "to become acquainted" with the campus.

ADDITIONAL STUDENT SERVICES

COUNSELING AND TESTING SERVICES

The Counseling Center is located 100 yards south of the duPont-Ball Library and offers a variety of services to Stetson University students. Some of these services are personal counseling (which does not become a part of the student's University record), group counseling, career and life planning, effective student techniques, testing programs (CLEP, SAT, ACT, GRE, LSAT, MAT, etc.), career testing and interpretation, availability of the *Discover* career assessment computer program, educational decision-making, peer educators, Students Together Against Sexual Assault (STASA), training in interpersonal relations and graduate study in Counseling (Marriage and Family, School Guidance, and Mental Health programs).

ARTISTS AND LECTURERS SERIES

The Artists and Lecturers Committee, composed of faculty and students, brings to the campus outstanding speakers and performers in the arts, lectures and sciences. The series supplements those areas of the University curriculum that are already strong and adds variety by bringing programs in those areas not represented on our campus.

INTERCOLLEGIATE ATHLETICS

Stetson University is proud of its history and tradition in the area of intercollegiate athletics. Hatter basketball and baseball teams play national schedules and have achieved ranking as major powers. Other collegiate teams for men are soccer, golf, tennis, and cross country. Intercollegiate teams for women are basketball, volleyball, tennis, softball, golf, and cross country. Stetson is a member of the National Collegiate Athletic Association and both men's and women's teams compete on a Division I level. Men's and women's teams also play in the Trans American Athletic Conference.

Students are admitted free to any sports event upon presentation of a Stetson ID.

Sports Equipment:

All sports equipment may be checked out from the equipment room located in the lower level, west end, of Edmunds Center. The room is open during scheduled Edmunds Center hours. All sports equipment must be returned the day it is checked out. Special arrangements must be made for weekend or overnight checkouts.

There will be a charge made to students who fail to return equipment on time, or for lost or broken equipment.

Facilities:

- 1 soccer field
- 2 multipurpose fields
  - 3 football
  - 3 softball
- 5 volleyball courts
- 1 multipurpose area
  - 4 tennis courts
- 2 horseshoe courts
- 6 tennis courts
- 1 tennis beat wall
- 6 racquetball courts
- 1 swimming pool
  - 25 yards x 25 yards
- 6 basketball half courts

Edmunds Center:

- 2 basketball courts
- 2 volleyball courts
- 3 badminton courts
- 1 weight room
- 1 training room
- Dressing facilities:
  - Men - lower level
  - Women - second level

Cummings Gym

- Gymnastic area
- 1 basketball court
- 1 basketball court or
  - 1 multipurpose area
- 1 volleyball court

The gymnasium, playing fields, and tennis courts are open for student recreation at any time a class or a scheduled school activity is not going on in that particular area. Edmunds Center hours are from 11:00 a.m. to 9:30 p.m., Monday through Friday, and 11:00 a.m. to 6:00 p.m., on Saturday, 1:00 p.m. to 6:00 p.m., Sunday. Only rubber soled gym or tennis shoes are permitted on the gym floor or tennis courts.

BOOKSTORE/CHECK CASHING

The University Bookstore, adjacent to the Carlton Union Building, is where textbooks, stationery supplies and convenience items are sold. The store also carries Stetson memorabilia and sportswear. Newly purchased textbooks may be returned with sales receipt for a full refund during the first three weeks of Fall and Spring semesters, and during the first week of Winter Term and Summer Semester. The University Bookstore will also place special orders for books that are not stocked by the store.

Bookstore Hours

Fall/Spring Semesters:
Monday (only) ..... 8:00 a.m.-6:00 p.m.
Tuesday-Friday ..... 8:00 a.m.-4:30 p.m.
Saturday ..... 9:00 a.m.-12:00 noon

Exception: During "Rush Week", the Bookstore will be open evenings until 7:00 p.m.

Summer Semester and Winter Term:
Monday-Friday ..... 8:00 a.m.-4:30 p.m.

Check cashing: Students may cash personal checks up to $50.00 at the cashier's station at the Bookstore. Only one check per day may be cashed and a student ID is required. No two-party checks will be accepted. There will be a twenty-five cent ($.25) check cashing fee.

It is recommended that students set up a local checking or savings account as opposed to maintaining out-of-state accounts. Several banks are located within walking distance of the campus.

FOOD SERVICE

The food service at Stetson is under contract with Morrison, Inc. Freshmen and sophomores in the residence halls are required to purchase a 21-meals-per-week plan or a 15-meals-per-week plan, whichever they choose. There is no requirement for juniors and seniors, although many continue with the food service. Juniors, seniors and commuting students may also select a 7- or 11-meal plan. Meals are served in the "Commons" and there are unlimited seconds on most items, unlimited beverages, an open salad bar, and a deli line. Students also have the option of eating a specified number of meals at the Hat Rack, the University sandwich shop.

The Food Service also caters many functions including student organizations' events. Menus and prices may be obtained through the Catering Office on the second floor of the Carlton Union Building.

Hat Rack Hours

Monday-Saturday	8:00 a.m.-1:00 a.m.
Sunday	12:00 noon-1:00 a.m.

Commons Hours

Breakfast M-F	7:00 a.m.-9:30 a.m.
Lunch M-F	11:00 a.m.-1:30 p.m.
Dinner M-Th	4:00 p.m.-6:30 p.m.
Friday dinner	4:00 p.m.-6:00 p.m.

Commons Weekend Hours

Saturday:	
Breakfast	10:00 a.m.-11:00 a.m.
Lunch	11:30 a.m.- 1.15 p.m.
Dinner	4:00 p.m.- 6:00 p.m.
Sunday:	
Breakfast	8:30 a.m.-9:30 a.m.
Lunch	11:30 a.m.-2:00 p.m.
Dinner	4:00 p.m.-6:30 p.m.

HOLLIS LEADERSHIP DEVELOPMENT PROGRAM

The purpose of the Hollis Leadership Development Program (HLDP) is to foster the awareness, study and practice of leadership by all members of the Stetson community.

The HLDP consists of three courses for credit and a broad range of co-curricular programs and projects. The on-campus courses available now are Leadership 275 (Fall), 198 (Winter), and 376 (Spring). An international

summer internship in foreign countries is also offered on a competitive basis. Some co-curricular projects include assisting local nonprofit agencies, workshops for personal leadership development, youth motivators, a mentorship program, Woodrow Wilson Visiting Fellows, and grants to encourage individual leadership-related projects. For more information, contact Dr. Robert Leahy, Chair, HLDP, in Room 111, Davis Hall.

PRINT SHOP

The Print Shop, located behind DeLand Hall, is available to all Stetson students for the copying of theses and term papers.

This service is available to all campus organizations for stationery, programs, resumes, brochures and notices. It is recommended to check with the Print Shop first about sizes, margins, pictures, layout and turn-around time for printing delivery.

Hours are from 8:00 a.m. to 4:30 p.m. during the school year.

Typesetting is provided by an off-campus vendor. Arrangements can be made by contacting Business Services.

POST OFFICE

The Stetson Post Office, adjacent to the Hat Rack Patio, serves both commuter and residential students. When a student is assigned a box and combination, it becomes his/her official University address. If packages are sent to your box, you will receive a notice and can pick up during post office hours.

Post Office Hours:

Monday-Friday . . . . . 8:30 a.m.-3:30 p.m.
Saturday . . . . . No window service

Mail posted by 11:00 a.m.

RELIGIOUS ACTIVITIES

Activities of student religious centers are coordinated by the Religious Life Council (RLC). The RLC is composed of three representatives from each of the chartered religious organizations on campus: Baptist Campus Ministry (BCM), Catholic Campus Ministry (CCM), Canterbury (Episcopal) House, Wesley (Methodist) House, Westminster (Presbyterian Fellowship), Fellowship of Christian Athletes, Intervarsity, and the Student Ministerial Association. The RLC coordinates student religious life programs and emphasis at Stetson. Recent RLC programs have included a faculty/student retreat with President Lee and faculty members addressing the questions, "What is a Christian University?", Oxfam fast for world hunger in November, Yule Log Lighting in December, a ropes course retreat in the spring, a dramatic performance by Ragan Courtney, and concerts by "Truth."

Among the many noteworthy religious programs scheduled by the University during the year are the Fall Preaching Series held in September, the lectures in Christian Theology held in February, and the annual Pastor's School which bring many outstanding theologians to our campus. All members of the University Community are encouraged to participate in the interdenominational chapel service held in Elizabeth Hall each Wednesday morning at 10:00 a.m. A variety of worship experiences is planned by the Dean of the Chapel, involving students, faculty and administrators. In addition to on-campus activities, students are encouraged to become involved in the church of their choice in the DeLand community.

STUDENT I.D. CARD

All students registered for classes are required to obtain a valid University ID card. To obtain a picture ID, regardless of whether a student is on meal plan or lives on or off-campus, it is required that the student go to the Meal Card Office at the Food Service. Also, at the beginning of each semester, immediately upon completing registration, students are required to obtain from the Meal Card Office an updated semester sticker to validate the card. The card is required for checking out library materials, check cashing privileges at the University Bookstore, use of computer labs, admission to University activities, and serve as a meal card for students on the meal plan. Lost ID cards are replaced at a nominal fee. The Meal Card Office is open 7:00 a.m. to 2:00 p.m. weekdays and is located behind the Post Office.

FINANCIAL SERVICES

The Office of Student Financial Planning at Stetson University is committed to seeing that no individual who qualifies for financial assistance is denied an opportunity to attend for economic reasons. To that end, various types of assistance programs, including grants, reduced-interest loans, and on-campus employment are made available to those who qualify.

Eligibility for assistance is based primarily on financial "need." This is determined by means of the Family Financial Statement, which helps to measure each family's financial strength and their ability to meet college costs. After the student's "need" is established, he/she is offered a student assistance "package" which may include one or more financial assistance programs. Students must reapply each year for consideration; application materials are made available each January for the coming academic year.

Students with questions or concerns regarding their financial assistance, or who experience a significant change in family circumstances, should stop by the Office of Financial Planning (located in Griffith Hall). Students will receive every consideration allowable, consistent with program regulations.

STUDENT ACCOUNTS

Advance Fees

All applicants, except auditors, are charged a one-time non-refundable enrollment fee of $400 which will be credited to the student's account.

Tuition and Fees

For the College of Arts and Sciences, the School of Music, and the School of Business Administration, see the insert in front of the *Bulletin*. For Summer Session charges, see the Summer Session brochure.

Meal Charges

Charges are for the full meal service, 21-meals-per-week. An optional 15-meals-per-week plan is available for all students, and a 7- or 11-meals-per-week plan may be purchased by juniors and seniors in residence halls as well as all commuting students. Resident freshmen and sophomores must purchase meal tickets. The University reserves the right to adjust prices on meal plans at the beginning of each term. A $10.00 charge is made for each meal ticket lost. Changes in meal plans can only be made at the beginning of each semester.

Special Charges

New students pay a one-time orientation fee of $40.00. For graduate students, there is a $35.00 graduation fee; where applicable, there is a fee of $36.00 for binding three copies of the thesis, and a fee of $12.00 for each additional copy bound. There is also a General University annual fee of $415.00 and a Student Activity fee of $35.00 covering all fulltime undergraduate students.

Student Billing

Students taking eight or more credit hours in the fall and spring semesters will be billed on an annual basis for the school year. Half of this bill must be paid before, and no later than, the date of registration for the Fall semester. The remaining half must be paid no later than the date of Winter Term registration. Students who take seven or fewer credit hours in the Fall and Spring semesters will be billed each semester, as will graduate and post-graduate students. The full amount of this bill must be paid before registration. Registration is complete only when all charges have been paid.

Any arrangements for deferred payments must be established before registration, through one of several tuition financing agencies. If necessary, write the University Comptroller for detailed information and contract forms.

Student Withdrawal and Drop Refunds

A student withdrawing during the first seven weeks of a semester will receive a pro-rated tuition refund as follows: during the first week, 90 percent; up to and including two weeks, 80 percent; between two and three weeks, 60 percent; between three and four weeks, 40 percent; between four and five weeks, 20 percent; and between five and seven weeks, five percent. After seven weeks of a semester, no refunds will be made, except for severe illness or other emergency. In the Summer or Winter terms, students who withdraw within the first full week will receive a refund of 50 percent. After one week, no refunds will be made. One-half of the Winter Term tuition,

room, and board is charged each student who withdraws at the end of Fall semester, except students who graduate at that time.

Students who vacate the residence halls after registration will receive a refund minus a one-hundred dollar ($100.00) charge plus five dollars ($5.00) per day of occupancy if they withdraw before the end of ten (10) class days. No refunds shall be issued for a student after this period. Meal ticket charges are refunded on a pro-rated basis for the period after the withdrawal date up to three weeks into the semester, after which all refunds for meal tickets are subject to a 50 percent fee. Courses dropped during the first week of the semester are given a 100 percent refund. No refund after the first week is permitted. No adjustments - other than those described in this paragraph - are made for any fees.

PUBLIC SAFETY AND TRAFFIC

The Department of Public Safety is located at 405 N. Amelia Avenue. The department is comprised of a full-time staff, full-time officers, and student officers. Although Public Safety Officers do not make arrests, the Public Safety Department maintains a working relationship with the City of DeLand Police Department and Volusia County Sheriff's Office. Students, faculty, staff, and guests of the University are encouraged to report emergencies and criminal activity to the Public Safety Office. To report an emergency to the Public Safety Department, dial 7300 from any University phone. An officer will take a report and follow-up on your complaint.

At Stetson, safety is a primary consideration in the maintenance, groundskeeping and lighting of the campus. If Public Safety officers should discover a broken window or non-functional light, they inform the Physical Plant. The Public Safety Department also works closely with the Office of the Vice President and Dean of Campus Life to ensure that safety policies and procedures are uniformly executed and conveyed in a clear and consistent manner to the University's students.

The mission of the Department of Public Safety is threefold. The first concern is the protection of all persons associated with the University. Second, the Department is responsible for the protection of all campus buildings and property. Finally, the department is responsible for the enforcement of all traffic regulations. Inherent in this mission statement are services and educational programs coordinated with Campus Life offices designed to fulfill the safety needs of the campus community. The services offered through Public Safety are listed below:

Emergency Phones - There are twelve emergency telephones at strategic locations throughout campus. These telephones can be recognized by the blue light on top. To use, simply press the button and tell us your emergency. We will automatically know your location, and will dispatch appropriate assistance. For your further safety, we can maintain two-way communication with you for approximately three minutes.

Vehicles - If your vehicle has a dead battery, the Public Safety Office has a set of jumper cables that you may borrow. However, the Public Safety Office is not authorized to use its vehicle to jump-start your vehicle. Please bring your current student ID or valid drivers license to be left with the dispatcher on duty while you are using the cables. If you lock your keys in your vehicle or need to be towed, we can assist you with the name and number of a local locksmith and/or towing company.

Escorts - Public Safety provides an escort service 24-hours a day. When requested, a Public Safety Officer will accompany you to your on-campus destination. You may call for escort service at ext. 7310 or 7390.

Lost and Found - Public Safety serves as the central lost and found for the campus. All items are kept for 90 days.

Valuables - If you have any valuables which require short-term safekeeping, Public Safety has a safe available. In addition, if you have valuables you wish to identify with your driver's license number, we have engravers available for you to borrow.

Traffic Regulations - **All** faculty, staff, and students who wish to operate a vehicle on the Stetson University campus, **must** register that vehicle with the Public Safety Department. Failure to register a vehicle will result in a non-registration citation. An accumulation of three non-registration citations will result in the immobilization of the vehicle. Vehicles include, but are not limited to: automobiles, vans, trucks, motorcycles, and mopeds. No boats, boat trailers, or recreational vehicles are allowed to be parked on campus at any time.

For the complete rules and regulations governing parking and traffic regulations, please refer to the "Parking and Traffic Regulations" handbook for 1992-93 which you will receive when you register your vehicle. Public Safety personnel are available to help you with your traffic concerns Monday-Friday, 9 a.m. - 3 p.m. After 3 p.m., parking decal registrations, appeals, and payment of fines are handled by student dispatchers.

Public Safety Hours — 24 hrs. a day
Phone — 822-7300

GENERAL UNIVERSITY POLICIES

ADMINISTRATIVE RECORDS

There are a number of offices on campus where student records are housed.

(1) OFFICIAL ACADEMIC RECORDS - All records pertaining to academic information such as grades, transcripts, etc., are housed in the Registrar's Office.

(2) PERSONAL RECORDS - The official personal file is housed in the Office of Campus Life. Letters of recommendation, personal letters, judicial information, and a running account of the student's life at Stetson are contained in these files.

(3) MEDICAL RECORDS - All health forms and medical records are housed in the Student Health Service.

(4) PLACEMENT RECORDS - Students are urged to begin a placement file during their freshman year. These records are housed in the Career Services office.

(5) COUNSELING AND TESTING - Records which contain test scores and information of a counseling and guidance nature are housed in the Counseling Center.

(6) FINANCIAL AID - Students receiving financial aid have a file which is housed in the Financial Aid Office.

(7) STUDENT ACCOUNTS - Information concerning each student's financial account with the University is housed in the Student Accounts Office.

BUCKLEY AMENDMENT

Congress has approved and the President has signed into law the Family Educational Rights and Privacy Act of 1974, informally known as "The Buckley Amendment." The objective of the Act is to provide students and parents greater access to and control over information contained in educational records. Every institution receiving federal funds of any type must comply with the law. The law stipulates that each institution is responsible for making its students aware of the law and its various ramifications.

DEFINITION OF STUDENT - A student is one currently enrolled or who has previously enrolled.

DEFINITION OF RECORD - Within 45 days of receiving a request, colleges must allow students to inspect their "educational records" which are defined broadly to include "records, files, documents, and other material which (1) contain information directly related to a single student; and (2) are maintained by a college or by a person acting for a college."

FINANCIAL FORMS AND CONFIDENTIAL LETTERS - Students are not guaranteed access to financial information furnished in the past or future by their parents, nor to confidential letters of evaluation which have found their way into records prior to January 1, 1975. As to such letters received after 1975, the law allows the student to waive his/her right of access if the letters have to do with admission, employment or honors, if the letters are used only for those purposes and if the student is told, on his/her

request, the names of all letter writers. No student or applicant may be required to execute a waiver; but an unsuccessful applicant, waiver or no, has no right to inspect all or any of the file accumulated in his/her case.

WHAT IS NOT A RECORD - FERPA II defines certain other material as falling outside the definition of "educational records" and thus not (so far as Federal law is concerned) open to inspection by parents or students. Such materials are: a) the records about students made by teachers and administrators for their own use and not shown to others; b) campus police records, under certain circumstances; c) employment records for college employees who are not current students; d) records about college students or those over 17 years old "created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or para-professional" acting or assisting in such capacity, for treatment purposes, and which are available only to persons providing such treatment.

PROCEDURES FOR CHALLENGE OF RECORDS

Section 1. When any material is placed in the educational records (as defined by FERPA II) that makes an unfavorable statement about him/her, the student shall be notified of the filing within one week of the action. It is understood that the regular grade report is considered adequate notification.

Section 2. Upon notification of the placement of unfavorable material in educational records, the student shall be informed of his/her right to challenge the content of the material or the placement of the material. Moreover, the student shall be informed of his/her ultimate right to place documents on his/her behalf with the educational records challenged.

Section 3. The Challenge Board for hearings upon objections to the filing of materials in educational records shall consist of two administrators, two faculty members, and two students chosen by the University President. No member of the Challenge Board may have any direct or indirect interest in the outcome of the hearing.

Section 4. The Challenge Board shall adhere to the procedures utilized by administrative disciplinary boards so long as they are not inconsistent with the provision of Title 45 Code of Federal Regulations Section 99.21.

What Kinds of Information About a Student May be Released, To Whom, and Under What Conditions?

DIRECTORY INFORMATION - Such information may be unconditionally released to the whole world, without the consent of the student, unless the student has specifically asked that his prior consent be obtained. "Directory Information" includes a student's name, campus and home address, and telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most previous educational institution attended by the student.

ACCESS WITHOUT STUDENT CONSENT - FERPA II expands the list of people who may have access to a student's actual record (or to receive personally identifiable information contained therein) without a student's consent.

Teachers, administrators and the like (in the same institution) may look at the record if they have a "legitimate educational interest."

Colleges may transfer information: a) to other educational institutions in which the student intends "or seeks" (new) to enroll (though the students must be given a copy of the record, if he/she wishes, and an opportunity to challenge it); b) to enumerated public officials (like the Comptroller General of the United States); c) "in connection with a student's application for, or receipt of, financial aid."

Five new categories of recipients are: 1) state and local officials to whom state law in effect on November 19, 1974, required information to be reported. This presumably was added in recognition of the common statutory requirement that certain kinds of infectious diseases, gun-shot wounds, and the like be reported to public authorities; 2) organizations like ETS and CEEB in connection with "developing, validating, or administering predictive tests, administering student aid programs, and improving instruction," but such organizations must not show the personally identifiable information to outsiders and must ultimately destroy it; 3) "accrediting organizations in order to carry out their accrediting functions,"; 4) parents of a student who is a dependent for income tax purposes (the HEW regulations, when issued, should make clear when a college may reasonable assume that a student is an income tax dependent); 5) "appropriate persons" in the case of health and safety emergencies, with the details left for enunciation in NEW regulation.

Other than in the exceptions just listed, or in the case of directory information or in responding to judicial process, a college may not release "personally identifiable information in education records" or allow anyone access to those records, unless the student has given his/her written consent "specifying records to be released, the reasons for such release, and to whom," and a copy of the released records is furnished the student.

JUDICIAL PROCESS - If the college is responding to a court order or subpoena, it is under no requirement to give a student a copy of the materials furnished, but is must notify him/her "of all such orders or subpoenas in advance of compliance therewith." It is to be presumed that the HEW regulations will require only reasonable notification efforts by a college before the due date of a subpoena.

CUSTODIANS OF RECORDS - Student records at Stetson are found in the Office of Campus Life and in the Registrar's Office. If a student wishes to examine his/her records in either of these offices, he/she must make an appointment to do so.

RELEASE OF INFORMATION - If you are not claimed by your parents as a dependent for tax purposes and do not want your grades sent to them, you need to come by the Office of Campus Life to execute the necessary forms. Likewise, if you do not want "Directory Information" release, you should come by the Office of Campus Life and execute the necessary forms.

If you do not wish any organization to which you belong, such as a fraternity of sorority, to have access to your grades, it is necessary for you to sign a statement to this effect in the Office of Campus Life.

If you need further information concerning the Family Educational Rights and Privacy Act, please feel free to come by the Office of Campus Life for assistance.

The University reserves the right to withhold grades and transcripts in cases of delinquent accounts.

ADVERTISING

All material used for the purpose of advertisement, announcement, or solicitation shall be placed only on Stetson University's official bulletin boards with the exception of Fraternity Row, the interior of the Commons building, and the interior of the residence halls. No materials shall be placed on trees or any of the educational or administrative buildings. Exceptions to this policy will be made during Homecoming, Parents' Weekend, Hatter Holiday and FOCUS.

All items must bear the name of the sponsoring organization or student, and must be removed by the sponsor 48 hours after the advertised event. Any non-student must receive prior approval from the Assistant Dean and Director of Student Life prior to posting material.

Failure by the individual to comply with these rules could result in the following consequences:

1st violation - Reprimand
2nd violation - $10.00 fine and/or loss of advertising privileges
3rd violation - $20.00 fine and/or loss of advertising privileges and/or disciplinary action by the Assistant Dean of Campus Life

Failure by an organization to comply with these rules could result in the following consequences:

1st violation - Reprimand
2nd violation - $25.00 fine and/or loss of advertising privileges
3rd violation - $50.00 fine and/or loss of advertising privileges and/or disciplinary action by the Assistant Dean of Campus Life

Enforcement of this policy is the responsibility of the SA Cabinet and the professional staff of the Office of Campus Life. The severity of a violation will be determined by members of the Campus Life staff and a senator from SA at a meeting where the violator of the policy shall be present.

ALCOHOLIC BEVERAGES AND ILLICIT DRUGS

Alcohol abuse is a major social and health problem in American culture. Academic communities like Stetson University are not exempt from this problem and its disturbing effects. Indeed, many experts agree that alcohol is the number one problem on campuses today. Alcohol abuse is a barrier to the academic and personal development of students essential to the fulfillment of the purposes of the University and therefore has no place in the University environment. Alcohol use and abuse by students has a primarily negative impact on academic progress and personal growth during the college years.

Alcohol and substance abuse also rank among the major health problems of our society. The use of stimulants such as cocaine, crack and ice include such risks as central nervous system dysfunctions, convulsions, hypertension, heart irregularities, nasal destruction, and a potential for sudden death.

Apathy, decreased visual perception, impaired psychomotor skill, and memory loss may be associated with the use of marijuana. Alcohol is a sedative affecting the central nervous center. In addition to intestinal disorders and liver disease, the abuse of alcohol may lead to unpredictable behavior, the impairment of judgement, dangerous activities such as drinking games, and unwanted sexual behavior such as acquaintance rape. Other illicit drugs may pose similar threats to individual and community health.

The University strives to educate students to the potential harmful effects of alcohol and substance abuse and to counsel students who seek assistance or treatment for alcohol and substance abuse impairment. Prevention programs are produced throughout the school year by University offices and student organizations. The Counseling Center provides counseling for students seeking treatment for abuse and provides referral to appropriate off-campus resources when necessary.

Stetson University students are to comply with the laws of the state of Florida regarding the use of alcoholic beverages and with the University policy.

Florida State Law. It is illegal in Florida for any person under the age of 21 to possess any alcoholic beverage with the intent to consume the beverage. It is illegal in Florida for alcoholic beverages to be made available, by sale or otherwise, to anyone under 21 years of age or to anyone who is visibly intoxicated.

Stetson University Policy. Stetson has a long-standing policy which prohibits unlawful possession, use, or distribution of illicit drugs and possession, use or distribution of alcohol by students and employees on the campus. This policy expresses our ideal for an alcohol-free learning environment. Therefore, Stetson University does not condone or sanction the possession, use, or distribution of alcoholic beverages on or off the campus. Stetson University is unequivocally opposed to alcohol and substance abuse.

Disciplinary proceedings against a student who violates the University policy on alcohol and illicit drugs will be initiated in accordance with judicial proceedings set forth in this handbook. When it has been determined that a student has violated this policy, a University Judicial Body may impose sanctions ranging from written warnings to explusion from enrollment. Offenses may also be the subject of legal action by civil authorities.

Procedures for implementation of the policy are stated in detail in "Guidelines for Implementation" available in the Student Life Office, Room 212 of the Carlton Union Building.

CAMPUS SOLICITATION

Commercial solicitation shall be defined as any promotion, advertisement, or sale of products or services to be purchased for financial consideration from non-University individuals or commercial concerns, and from those University faculty, staff and students who are acting on their own behalf for personal financial gain. Commercial solicitation shall include the advertisement in approved locations on the campus and the promotion or sale of products by persons as individuals or as representatives of a non-University business concern.

In order to ensure the informational and non-commercial character of bulletin boards at the University, the posting of advertisements, promotions, or announcements in classroom buildings, the Library, and on the campus kiosk for profit-making orgranizations and corporations that are not sponsored by the University is prohibited. Departments and other offices of the University may permit the posting on bulletin boards in their vicinities of notices that they deem appropriate.

All persons not affiliated with the University and those persons affiliated with the University but acting on their own behalf desiring to conduct a commercial solicitation on the Stetson Campus must request permission in advance to do so as follows:

1. Requests for approval to conduct commercial solicitation in on-campus residence halls, fraternity or sorority houses, or in the Carlton Union Building shall be submitted to the Assistant Dean of Campus Life.
2. Requests for approval to conduct commercial solicitations in academic and administrative buildings shall be submitted to the Vice President for Business and Finance.

The University reserves the right to require appropriate credit references in the case of non-University individuals and concerns. Further, the University reserves the right to withhold permission without necessarily giving any explanation or justification.

Upon approval of the request, a written permit will be issued indicating the name of the individual or organization, the product or service to be sold, the cost of the product or service to be sold, and the purpose for which the revenues are to be used.

Only after a permit to conduct a commercial solicitation has been issued by the respective University officer may persons begin such solicitation under the following guidelines:

1. Presentation, upon invitation of the occupant, shall be one-to-one in the residence hall or the fraternity or sorority house rooms. There will be no group presentations allowed in the residence halls or the fraternity or sorority houses.
2. There shall be consummation of sales in the individual residence rooms or in the residence halls or in the fraternity or sorority houses.
3. No presentations shall be made in public areas within the residence halls or in the fraternity or sorority houses.
4. All group presentations shall be made in an area in the Carlton Union Building designated by the Assistant Dean of Campus Life/Director of Student Life. It shall be the responsibility of the salesperson to make reservations for available space with the Assistant Dean of Campus Life/Director of Student Life.
5. Salespersons must contact the Department of Public Safety and present to the Shift Commander on duty their written permission to be on campus each time a new presentation is made.
6. Since the intra-campus mail facilities are used only for official University business, solicitations by an individual for personal financial gain - student, staff or faculty member or a non-University person - shall not be conducted through these facilities. Mail pieces moving into the campus from the United States Postal Service shall not be governed by these provisions.

SEXUAL HARASSMENT

Stetson University does not tolerate or condone any form of sexual harassment. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or phsycial conduct of a sexual nature which:

- are aimed at coercing an unwilling person into a sexual relationship; or
- make submission to or rejection of such conduct the basis for employment or academic decisions affecting the individual; or
- unreasonably interfere with the individual's work or academic performance for work or learning by creating an intimidating, hostile, or offensive environment for work or learning.

Acts of sexual harassment may include, but are not limited to:

- sexual battery
- requesting sexual favors accompanied by implied or overt threats concerning one's job, grade, letter of recommendation, etc.
- verbal harassment or abuse of a sexual nature
- physical contact such as patting, pinching, or unnecessary touching
- subtle pressure for sexual activity
- sexist remarks or gestures regarding a person's body, clothing or sexual activities

If you feel that you are being sexually harassed you are encouraged to seek help. As a first step, contact either the Assistant Dean of Campus Life, Linda Windle, or a member of the Sexual Harassment Grievance Council. Your discussion will be strictly confidential and does not commit you to further action. However, should you decide to pursue the matter, you may follow either an informal or formal procedure. The informal procedure helps the victim communicate effectively with the harasser. The formal procedure deals with harassment which persists in spite of efforts to resolve the problem. **For more information consult the Sexual Harassment pamphlet available in most campus offices.**

SEXUAL ASSAULT

Stetson University will not tolerate sexual assault in any form, including acquaintance rape. There is a range of exploitive behavior which does not amount to assault, but which the University deplores and which may result in disciplinary action against the perpetrator. Refer to the Student Code of Conduct given elsewhere in this book for a broad statement of the standards of ethical conduct expected of students in their deailings with each other. Attempts to obtain sexual favors through psychological coercion, including but not limited to, threats to embarrass or intimidate the victim (in a way that does not include threat of force) are examples of behavior which may result in disciplinary action, even though the behavior is not defined as sexual assault.

Rape is generally defined as, but is not limited, to forced sexual intercourse perpetrated against the will of the victim. This applies regardless of whether the assailant is a stranger or an acquaintance of the victim and

applies to all members of the Stetson community. The type of force may involve physical violence, the threat of harm to the victim, or sexual exploitation of a person who is physically unable to resist or unconscious, whether this state is due to alcohol consumption or some other reason. This policy also applies to any other sex-related assault or offense including any form of sexual battery (which is generally defined as the unconsented to touching of another in a manner which would be deemed offensive according to a reasonable community standard).

Many forms of sexual assault are a violation of the criminal statutes of the State of Florida and may be the perpetuator to criminal penalties. The University will make no attempt to shield members of the Stetson community from the law nor will it *intervene* in legal proceedings against a member of the community. In addition to criminal prosecution, Stetson University will pursue strong disciplinary action through its own channels when there is reason to believe that the University's regulations against sexual assault have been violated. Thus a member of the Stetson community may be prosecuted by the state and disciplined by the University and, even if criminal authorities choose not to prosecute, the University may pursue disciplinary action.

Sexual assaults on campus often involve the use of drugs or alcohol. It must be stressed that use of alcohol or drugs by either the victim or the perpetrator does not diminish the perpetrator's responsibility for the violation.

Emergency Reporting. Stetson University encourages victims of sexual assault to report the incident in order to deter these assaults and to ensure that victims receive counseling, advice and support.

Reports of sexual assault should be made immediately to the Stetson Public Safety Office. Others on campus to whom a victim can go for assistance include the professional staff of the Counseling Center or the Student Health Service and any Campus Life staff member.

Once the Office of Public Safety or the Office of Campus Life learns of a sexual assault on the campus, these offices will cooperate to provide the victim with counseling and guidance. In reported cases of rape, including acquaintance rape and other cases of violent sexual assault, the University will: (1) encourage the victim to receive rape crisis counseling and medical attention through the Rape Crisis Center; (2) encourage the victim to report the incident to local police and/or to the Rape Victim Advocate (a counselor) in the State Attorney's Office; and (3) assist the victim in receiving counseling and guidance through the Stetson University Counseling Center. The University must report the incident (without the name of the victim) to the appropriate law enforcement authorities. Unless specifically requested by the victim not to do so, the University will report the incident and the name of the victim to the Rape Victim Advocate in the State Attorney's Office.

Disciplinary Action. Any person electing to initiate a disciplinary action against a student for allegedly violating the rules of the University must inform the Assistant Dean and Director of Student Judicial Affairs as soon as practicable and said action will proceed in accordance with the formal procedures adpoted by the University and stated in this handbook. Once disciplinary proceedings have been concluded, the victim is entitled to knowledge of the results of the proceedings.

SMOKING

Medical evidence clearly shows that smoking is harmful to the health of smokers. Smoke from cigarettes, cigars, and pipes is also an irritant to many nonsmokers and can worsen allergic conditions. In sufficient concentrations second-hand smoke may be harmful to those with chronic heart or lung disease. New research indicates that long-term exposure to second-hand smoke may seriously threaten the health of nonsmokers.

In an effort to consider the needs and concerns of smokers and nonsmokers alike and to provide a healthful working environment for every Stetson University student and employee, the following university smoking policy is in effect. All university students, employees and visitors are expected to comply with the smoking regulations detailed in this policy.

SMOKING-PROHIBITED AREAS

- Any area in which a fire or safety hazard exists.
- Common areas, including elevators, hallways, stairwells, lobbies, waiting rooms, copier rooms, mail rooms, auditoriums, reception areas, student service areas, employee lounges, and restrooms.
- Classrooms and conference rooms (a short smoking break may be provided during meetings lasting longer than one hour if requested).
- General open or public office areas.
- Computer and storage areas.

  All other locations not specifically discussed in the section below entitled "Other Areas."

OTHER AREAS

- Private offices may be designated "smoking permitted" or "no smoking" by the occupant. However, the occupant should refrain from smoking when a nonsmoking student, employee or visitor is present.
- In areas where smokers and nonsmokers work together, supervisors should make a reasonable effort to separate smokers from nonsmokers. In doing so, supervisors should take into consideration air flow, ventilation, existing physical barriers that might be of help, and individual sensitivities of nonsmokers.
- Students and/or employees will refrain from smoking when in university vehicles with nonsmokers.

STUDENT EMPLOYMENT GRIEVANCE PROCEDURE

Student employment is administered by the Student Employment Coordinator which is part of the Student Financial Planning office. Students are vital to the operation of the University and are employed in almost every department. A satisfactory record in work is expected of all student employees. Violations of the normally accepted standards of performance will be addressed by supervisors in respective departments. Students who have difficulties relating to their campus employment should address the matter with their supervisor. Problems that cannot be worked out in verbal discussion with the supervisor should be submitted in writing to the supervisor. In the event that resolution of the issue does not occur at this point, students may initiate formal grievance procedures by submitting their concerns in writing to the Student Employment Coordinator who will then schedule an appointment with the student.

STUDENT CODE OF CONDUCT

PREAMBLE

Stetson University endeavors to provide a living and learning environment in which students can meet their academic goals. The University has the responsibility of providing students a clear understanding of the academic requirements which are provided in writing to the University "Bulletin" and "Connections: The Campus Life Handbook".

Choosing to join the Stetson University community obligates each member to a code of civilized behavior. The University determines, publishes and makes known its rules and regulations concerning student conduct. In addition, the University has the right to determine when its rules are violated and to determine the appropriate course of action. The purpose of this handbook is to present the rules and regulations that govern student conduct and student activities at the University. These regulations should be read broadly and are not designed to define prohibited conduct in exhaustive terms.

By enrolling in Stetson University, the student accepts the responsibility to comply with the University's authority, to respect the rights of others and to protect private and public property. The student shall be afforded all opportunities for fairness in disciplinary proceedings. However, the University does reserve the right to withdraw a student at any time for any reason deemed sufficient by the University.

ARTICLE I: Introduction

1. Disciplinary regulations at the University are set forth in writing in order to give students general notice of prohibited conduct. These regulations should be read broadly and are not designed to define prohibited conduct in exhaustive terms.
2. Violation of any municipal ordinance, law of the State of Florida or law of the United States may result in disciplinary action as defined in Article V, Judicial Procedures, of this handbook.
3. Violation of the University regulations may result in disciplinary action as defined in Article V, Judicial Procedures, of this handbook.
4. The University reserves the right to take appropriate disciplinary action for any conduct which reasonably interrupts and infringes upon orderly life in the University community or infringes on the rights of others.

ARTICLE II: Definitions

When used in this code:

1. the term "University" means Stetson University.
2. the term "student" includes all persons taking courses at the University, both full-time and part-time, pursuing undergraduate, graduate, or professional studies and those who attend post-secondary educational institutions other than Stetson University and who reside in University residence halls. Persons who are not officially enrolled for a

particular term, but who have a continuing relationship with the University are considered "students".

3. the term "University official" includes any person employed by the University, performing assigned administrative or professional responsibilities (including head residents and resident advisors).
4. the term "faculty member" means any person hired by the University to conduct classroom activities.
5. the term "University premises" includes all land, buildings, facilities, and other property in the possession of or owned, used, or controlled by the University (including adjacent streets and sidewalks).
6. the term "organization" means any number of persons who have compiled with the formal requirements for University recognition.
7. the term "University-sponsored activity" means any activity on or off campus that is initiated, aided, authorized or supervised by the University.
8. the term "judicial body" means any person or persons authorized by the Vice President and Dean of Campus Life to determine whether a student has violated the Student Code and to recommend imposition of sanctions.
9. the term "Student Judicial Officer" means a University official authorized on a case-by-case basis by the Vice President and Dean of Campus Life to impose sanctions upon students found to have violated the Student Code. The Vice President and Dean of Campus Life may authorize a judicial officer to serve simultaneously as a judicial officer and the sole member or one of the members of a judicial body. Nothing shall prevent the Vice President and Dean of Campus Life from authorizing the same judicial officer to impose sanctions in all cases.
10. the term "Appellate Board" means any person or persons authorized by the Vice President and Dean of Campus Life to consider an appeal from a judicial body's determination that a student has violated the Student Code or from the sanctions imposed by the Student Judicial Officer.
11. the term "shall" is used in the imperative sense.
12. the term "may" is used in the permissive sense.
13. the Vice President and Dean of Campus Life is that person designated by the University President to be responsible for the administration of the Student Code.
14. the term "policy" is defined as the written regulations of the University as found in, but not limited to, the Campus Life Handbook, the Residential Life Guidebook, and the Graduate/Undergraduate Catalogs.

ARTICLE III: Student Conduct-Rules and Regulations

In addition to Article I, Introduction, of the Code of Conduct, committing any of the following offenses may result in disciplinary action as defined in Article V, Judicial Procedures, of this handbook. The following list is not designed to be all-inclusive but should serve as examples of the types of prohibited conduct:

1. Alcoholic Beverages and Other Drugs — Possession and/or use of alcoholic beverages on the University campus. The unlawful manufacturing, possessing, having under control, selling transmitting, using or being party thereto any dangerous drug, controlled substance or drug paraphernalia on University premises or at University-sponsored activities.
2. Automobiles — All students operating automobiles or other motorized vehicles on the University campus must register these vehicles with the Traffic Office in the Department of Public Safety. Implicit in such registration is the knowledge of governing traffic and parking regulations, together with the obligation to adhere to these regulations.
3. Disruptive Behavior — Behavior by a student which disrupts the academic, administrative or residential community, infringes on the rights of others in the community or corrupts the generally accepted sense of public decency and morals within the community. Conduct which is disorderly, lewd, or indecent; breach of peace; or aiding, abetting, or procuring another person to breach the peace on the University premises or at functions sponsored by, or participated in by the University.
4. Fire, Health, and Building Safety — Tampering with fire safety equipment such as extinguishers, smoke detectors, alarm pull stations or emergency exits. Tampering with any equipment or fixtures used for the purpose of fire, health, or building safety.
5. Firearms, Fireworks, Explosives, or Weapons — Firearms, fireworks, explosives or explosive devices, or weapons shall not be maintained on the University campus except as may be specifically authorized by the Chief of Public Safety. The term "weapon" includes any object or substance designed to inflict a wound, cause injury or incapacitate and may include, but not be limited to, all firearms, pellet guns, martial arts devices, switchblade knives and clubs.
6. Personal Integrity — All acts of dishonesty, misrepresentation, falsification of records, and lewd or obscene conduct such as verbal or nonverbal abuse, exhibitionism, or possession of pornographic materials.
7. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion and/or other conduct which threatens or endangers the health or safety of any person. Sexual assault and harassment are defined in the section on General University Policies in this Handbook.
8. Violation of Civil or Criminal Law — Violation of civil or criminal statutes either on or off campus may be adjudicated under the University Code of Conduct. When a student's behavior either on or off campus interferes with the rights of others, reflects adversely on the University, or results in a criminal conviction, the circumstances of the case may be reviewed by the Dean of Campus Life to determine whether the student may be subject to disciplinary action and/or determine the status of the student.
9. Theft and Property Damage — Attempted or actual theft of and/or damage to property of the University community or other personal or public property. This includes theft of services on University premises and knowlingly possessing stolen property.

10. University Facilities — Entry into University buildings or facilities at times other than their normal or posted hours of operation. Locked or secured buildings shall not be entered withour prior authorization from the appropriate University official.
11. Residential Policies — All policies and procedures contained in the Residence Hall Guidebook shall have the force of University regulations. Any violations thereof may be administered under this Student Code of Conduct following review by the appropriate Campus Life staff.
12. Student Employees — Any actions which serve to interfere with, impede, or harass students in the performance of their duties as employees of the University. These employees include but are not limited to, residence hall and public safety staff.
13. Failure to Comply — Failure to comply with the proper and/or lawful directions of a University official; failure to present identification upon the request of a University official.
14. Disciplinary Sanction — Knowlingly violating the terms of any disciplinary sanction imposed in accordance with University regulations.
15. Attempting, Aiding, Abetting — Attempting, aiding, abetting, consipiring, hiring, or being an accessory to any act prohibited by this Code shall be considered to the same extent as completed violations.
16. Abuse of the Judicial System, including but not limited to:
    A. Failure to obey the summons of a judicial body or University official.
    B. Falsification, distortion, or misrepresentation of information before a judicial body.
    C. Disruption or interference with the orderly conduct of a judicial proceeding.
    D. Institution of a judicial proceeding knowlingly without cause.
    E. Attempting to discourage an individual's proper participation in, or use of, the judicial system.
    F. Attempting to influence the impartiality of a member of a judicial body prior to, and/or during the course of, the judicial proceeding.
    G. Harassment (verbal or physical) and/or intimidation of a member of a judicial body prior to, during, and/or after a judicial proceeding.
    H. Failure to comply with the sanction(s) imposed under the Student Code.
    I. Influencing or attempting to influence another person to commit an abuse of the judicial system.

ARTICLE IV: Adjudication Process

1. A student who is alleged to have violated University regulations shall have the matter adjudicated by either an administrative hearing with the Student Judicial Officer (Assistant Dean of Campus Life) or a hearing by the Judiciary Council. The student shall be afforded all opportunities for fairness in consideration of the matter.

2. Under certain circumstances a student may be required to have an administrative hearing with the Student Judicial Officer. Such circumstances include, but are limited to, the following: when an alleged violation involves a highly personal and/or sensitive issue, during finals week, between semesters, and in the summer when the Judiciary Council is not in session.
3. Violations of University residence hall regulations are handled by the appropriate Residential Life staff members and may be referred to the Student Judicial Officer if the seriousness of the violation warrants such adjudication.
4. Violations of University regulations by officially recognized student organizations are handled by the Assistant Dean of Campus Life and Director of Student Life and individuals may be referred to the Student Judicial Officer for adjudication.
5. Regardless of the disposition of any case, individual or group, the Vice President and Dean of Campus Life must assume ultimate responsibility.

ARTICLE V: Judicial Procedures

1. General Protocol Procedures

   A. Any student, professional staff, or faculty may refer to the Student Judicial Officer (Assistant Dean of Campus Life) any student believed to be in violation of any University regulation concerned with personal behavior, academic honesty, traffic and security, or residence hall policy. The Student Judicial Officer shall secure all available information concerning the possible violation, including pertinent facts, evidence, statements, and names of witnesses.

   B. The Student Judicial Officer may determine the charges and shall request that the student so referred meet with him/her for an administrative hearing within five (5) nor more than fifteen (15) calendar days after notification to the student was typed to discuss the possible violation of University regulations. If the student fails to appear for the conference and the Student Judicial Officer has in good faith exhausted all reasonable efforts to schedule a conference, the Student Judicial Officer, on the basis of the information available, may make a determination of a violation of University regulations and may impose a sanction for such violation. This decision shall be accomplised in writing to the student.

   C. Before the administrative hearing begins with the Student Judicial Officer, the student shall be informed that the conference is for the purpose of discussing a possible violation of University regulations. The student shall be afforded the opportunity to acknowledge in writing that the conference is as indicated and that the student:

1. shall be afforded the right to remain silent and not have that silence an inference of a violation;
2. may be afforded the opportunity to choose, in writing, to have the matter considered by either:
   a. the Student Judicial Officer; or
   b. a hearing by the Judiciary Council;
   (**Note:** The implications of the selection of either of the above procedures shall be clearly explained to the student by the Student Judicial Officer.)
3. shall be afforded the right to have and advisor who does not appear as a witness during an administrative hearing or a Judiciary Council hearing. The advisor may not speak for the student during questioning by members of the Judicial Body. Nor may the advisor question any witness appearing at the hearing. In answering a question, the student may seek assistance from the advisor.
4. shall be afforded the right to present witnesses and information on his/her behalf;
5. shall be informed that any oral or written statements the student may make pertaining to the possible violation may be presented in any subsequent proceeding;
6. shall be afforded the right to prepare a written statement concerning the alleged violation;
7. shall be informed that the academic, behavior, and co-curricular activities record may be presented as a part of any subsequent proceeding;
8. shall be presumed not in violation until a violation is proven;
9. shall be assured that only evidence obtained in compliance with University policies and procedures will be used in any subsequent proceeding;
10. shall be afforded the right to question witnesses in any subsequent proceeding;
11. shall be afforded the right to appeal a decision by the Student Judicial Officer or Judiciary Council to an Appellate Board (see Article VII: Appeals).

D. Once a student has been informed of the rights provided in Article V:C above, of the sanctions that could be imposed should a violation be determined to have occurred, and has knowingly and voluntarily accepted in writing the authority of the respective proceeding to consider the matter and to impose a sanction, the student shall have waived the right to have the matter considered at the original level by the alternative proceedings.

E. The following sanctions are among those which may be imposed in any student judicial proceeding:

1. *Warning.* An oral or written statment that the behavior of the student was inappropriate but that it does not mean a permanent disciplinary record.

2. *Reprimand.* An oral or written expression of disapproval to the student for a violation of University regulations and for the implications of the violation to the student and to the University community.

3. *Disciplinary Probation.* A strong statement of disapproval to the student for a violation of University regulations and the imposition of a specified period of time during which the student shall be required to report as required to the Student Judicial Officer, and, further, shall be required to:
   (a) forfeit the privilege of representing the University in any intercollegiate event, competition, or other manner; or
   (b) forfeit the privilege of holding any elected or appointed student office or University community assignment; or
   (c) perform such reasonable civic or campus service, non-credit academic assignments, or other action which may be appropriate to the particular situation.

   Any student who fails to adhere to the specified conditions of Disciplinary Probation shall be required to appear before the Student Judicial Officer or the Judiciary Council for further consideration of the case and the sanctions imposed.

4. *Suspension.* Termination of the student's continued enrollment in the University and exclusion of the student from the University for a specified period of time. During the suspension, the student shall not be permitted to enroll in any courses offered by the University, either in residence or by correspondence, nor shall credit be given by the University for academic work taken at another institution.

5. *Expulsion.* Termination of the student's continued enrollment in the University and exclusion of the student from the University for an indefinite period of time, which in no instance shall be less than two calendar years from the date of the imposition of this sanction.

6. *Restitution.* Requirement to make compensation for damaged, lost, stolen, or destroyed property. The respective judicial body shall set the amount and form of restitution which shall not exceed the fair amount of damage, loss, theft, or destruction incurred. This action may be taken separately or in conjunction with other sanctions.

7. *Removal from University on-campus housing.* Immediate vacation of space from an on-campus residential facility (residence hall, fraternity or sorority house, or auxiliary unit) and cancellation of the appropriate housing agreement. This action may be taken separately or in conjunction with other sanctions.

8. *Interim Suspension.* In certain circumstances, the Vice President and Dean of Campus Life, or a designee, may impose a University or residence-hall suspension prior to the hearing before a judicial body.
   (a) Interim suspension may be imposed only: (1) to ensure the safety and well-being of members of the University community or preservation of University property; (2) to ensure the student's own physical or emotional safety and well-being; or (3) if the student poses a definite threat of disruption of or interference with the normal operations of the University.
   (b) During the interim suspension, students shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Vice President and Dean of Campus Life or the Student Judicial Officer may determine to be appropriate.

F. The Student Judicial Officer shall make every effort to have judicial matters considered as expeditiously as possible by either an administrative hearing or a Judiciary Council hearing in order to remove any question of a student's continuance at the University. If the student withdraws from the University before having had the matter considered by one of the respective authorities, reentry may not occur until the matter is resolved.

G. If the student elects an administrative hearing with the Student Judicial Officer and is found to have violated University regulations, the Student Judicial Officer will impose a sanction and inform the student at the conclusion of the hearing or in a subsequent conference to do so. The findings and the sanction imposed by the Student Judicial Officer shall be made by an examination of the evidence and the statements offered by the student during the hearing.

H. If the Student Judicial Officer determines that, on the basis of the conference with the student and the available information, a possible violation of University regulations has occurred, and the student elects to have the matter considered by the Judiciary Council, the Student Judiciary Officer shall immediately make the referral to the Council. This shall be accomplished in writing from the Student Judiciary Officer to the student, with a copy to the President of the Council.

I. The Judiciary Council shall not be obligated to hear cases where the case was ready for adjudication in the last week of classes before final examinations of an academic term. In such instances, the Student Judicial Officer shall have authority to act in all cases.

J. Violations of University regulations during the summer shall not be considered by the Student Judiciary Council.

K. A suspended or expelled student shall present to the Student Judicial Officer a request for readmission to the University at least three (3) weeks prior to the beginning of the semester of readmission.

L. The status of any student who resumes studies at the University after suspension or explusion shall be that of Disciplinary Probation for the first semester of reenrollment.

ARTICLE VI: Judiciary Council Hearings

1. A quorum of the Judiciary Council to hear any case shall be two-thirds (2/3) of its voting membership, excluding members who have removed themselves from hearing any matter because of a conflict of interest with the student. The Council shall first make a decision concerning whether the student committed the alleged violation. Should a violation be determined to have occured, the Council then shall recommend a just and appropriate sanction. In both instances, a vote of two-thirds (2/3) of those voting members present at the hearing shall be required.

2. A student shall be allowed to have an advisor who does not appear as a witness during a hearing before the Judiciary Council. The advisor may not speak for the student during questioning by members of the Judiciary Council. Nor may the advisor question any witness appearing at the hearing. In answering a question, the student may seek assistance from the advisor.

3. Judiciary Council hearings on an alleged violation of University regulations by students shall be private. The Student Judicial Officer shall present the case of the University on the alleged violation before the Council, including the calling of supporting witnesses. Further, the Student Judicial Officer shall advise the Council on the procedural conduct of the hearing.

4. When more than one student is involved in the same case and charged with the same alleged violation, the cases may be heard concurrently unless separate hearings are requested. The students shall be informed in advance by the Student Judicial Officer of the right to a separate hearing before proceeding.

5. A student's prior record (legal or disciplinary) shall not be used to determine or substantiate an alleged violation of University regulations. However, a prior record may be considered in determining an appropriate sanction when the Judiciary Council has determined that a violation has occurred.

6. The proceedings of the Judiciary Council hearing shall be recorded electronically, and the recording shall be maintained by the Student Judicial Officer.

7. The Judiciary Council, the Student Judicial Officer, and the student shall have the right to present witnesses at a hearing. Students shall have the right to ask questions directly of all witnesses. Witnesses shall appear before hearings only during the offering of their own information and shall respond to direct questions from either the student or from those conducting the hearing.
8. The Student Judicial Officer and the Judiciary Council shall have the authority to request any faculty, staff, or student of Stetson University to appear as a witness if they believe that such witness could provide useful information relative to the case under consideration. They may waive an appearance if an individual feels that appearing at a hearing might violate a professional relationship with the student who is the subject of that hearing. A witness who feels a need to be excused shall so indicate in advance of the hearing to the Student Judicial Officer.
9. When a witness fails or refuses to appear, the chair of the appropriate judicial body and the Student Judicial Officer shall decide whether or not to proceed on the basis of evidence available. Written statements from absent witnesses shall be inadmissible. If the judicial body so desires, it may discontinue the hearing until the witness may appear and offer relevant information.
10. A member of the Judiciary Council shall not participate as a Council member in a case in which that member appears as a witness, or in which the case being considered presents a conflict of interest.
11. Any student or professional staff or faculty involved in the investigation or preparation of a case shall not sit in discussion or voting during deliberation or remain in the room during any breaks in the proceeding.
12. The Judiciary Council shall not have the power to require sworn statements of students appearing before the Council or of witnesses for or against the student. Refusal of a student to make a statement or to answer any or all questions shall not by itself be a basis for determining whether a violation occurred.

ARTICLE VII: Appeals

1. A University Appellate Board shall be appointed on a case-by-case basis by the Vice President and Dean of Campus Life. The Vice President and Dean of Campus Life shall communicate in writing to the student the decision of an Appellate Board. The decision of a Judicial Body or a sanction imposed by a Judicial Body may be appealed to an Appellate Board. The student shall submit the request to appeal within seven (7) calendar days of the written advisement of the decision. The appeal shall be made in writing to the Vice President and Dean of Campus Life and state the basis on which the appeal is being made. An appeal must be based on some specific aspect of the previous hearing, for example, unjust sanction or unjust finding of a violation. The Appellate Board either may uphold, vacate the decision or may alter the sanction among the alternatives

included in Article V:E above. Further, the Board may elect to decide based solely on the information contained in the written appeal or in a conference with the student and advisor or counsel to discuss the matter.

ARTICLE VIII: Standard of Evidence

1. The determination that a violation of University regulations has been committed shall be made on the basis of a preponderance of the evidence or information presented (there is a greater weight of evidence that the accused student violated the Code of Conduct). A record of civil or criminal arrest only shall not be considered sufficient for a determination that a violation of University regulations occurred.

2. The hearing officer shall have the right to declare evidence inadmissible and may do so only if it is irrelevant to the case or if it was obtained improperly.

ARTICLE IX: Records

1. The disciplinary record of all judicial proceedings shall be maintained by the Student Judicial Officer in a secured file and shall be subject to limited access by the President of the Judiciary Council, or by the Dean of Campus Life.

2. In all such cases where the accused student is found not to have violated University regulations, such finding shall be clearly noted in the records and removed from the student's file.

3. All decisions of Judiciary Council hearings shall be signed by the President of the Council and kept with the records.

4. A copy of all case reports shall be kept on file in the office of the Student Judicial Officer.

5. The student may request a copy of the electronic recording of the Judiciary Council hearing, such copy to be provided at a minimal cost. The request for such a copy shall be made in writing by the student to the Student Judicial Officer.

CAMPUS NOTES

FOOTBALL had a long history at Stetson. The first organized football game in the state was an intermural contest on Thanksgiving Day, 1894, when the "Forbes" team, coached by C. B. Rosa, beat the "Stetson" team, coached by Harvey MacQueston of the English Department.

CAMPUS NOTES

Some things never change! In the early 1920's there were complaints galore because of the food that was served in the dining room (first floor, Chaudoin). The food was plentiful, all seemed to agree, but protests rose because of the sameness day after day, the choice of foods, and the way it was cooked.

CAMPUS NOTES

ANSWER: When Dr. John Forbes, who served from 1885-1904, accepted the presidency of DeLand Academy, the campus consisted of four acres and the present DeLand Hall. The original Flagler Hall and the present Stetson, Chaudoin, Elizabeth and Sampson Halls were built during his tenure. Dr. Forbes was also responsible for getting Mr. John B. Stetson to contribute to the university.

PROGRAM PHILOSOPHY

STUDENT DEVELOPMENT

The residence hall is your basic living environment while attending Stetson University. The experiences you gain while living with your peers constitute fundamental parts of your education and growth. In fact, it is within the residence facility setting that your intellectual and social development come together and crystallize. Our goal is to help you become a competent, mature individual, fully responsible for yourself.

COMMUNITY DEVELOPMENT

The housing staff seeks to promote a sense of community within each floor of your residence hall. A community is a group of invididuals which respects the rights and privacy of each other and functions together to promote the growth of the community for the benefit of all. It is different from students' home communities because the on-campus community is largely comprised of seventeen to twenty-year olds who share common goals like seeking higher education and who are experiencing the transition from living at home to living on their own.

This transition is difficult enough before complicating it with the stresses and pressures of succeeding at college. Building a sense of community in the residence facilities helps to establish peer support groups among residents. Peer support groups and support from family and friends significantly improve a student's adjustment and success at college.

To help you build a genuine community, staff and returning student leaders first provide a variety of opportunities for students to meet and interact. Then, scheduled activities such as recreational intramurals, organized socials, and educational programs help create a sense of an identifiable group. Step-by-step the process continues until, ideally, students take over the responsibility for planning community activities and begin to provide growth opportunities for each other.

How are successful communities recognized? Floors and sections that have built successful communities have very active residents. These residents govern their floor, halls, and areas, as well as plan social, recreational and educational activities. Damage to facilities is lower, and students demonstrate pride in their communities. Most importantly, successful communities foster environments that give each student the maximum opportunity to develop intellectually, socially, and personally.

INTRODUCTION TO RESIDENTIAL EDUCATION STAFF

ASSISTANT DIRECTORS OF RESIDENTIAL LIFE (EAST AND WEST AREAS (AD's)

The Assistant Directors of Residential Life (East and West) are professional staff members who have the responsibility for providing supervision and support for the residential life program. The office of the Assistant Director of Residential Life, West Area, is located in Chaudoin Hall, and the East Area's Assistant Director of Residential Life office is in Nemec Hall. The Assistant Directors live in the buildings where their offices are located, which allows them to be aware of the day to day lives of students within their areas. The Assistant Directors are available to counsel and advise students, as well as to help develop programs which will assist in meeting residents' social and educational needs. They are here to help you in any way they can.

HEAD RESIDENTS (HR's)

Each residence hall is directed by a Head Resident who lives in that building. He/She has the responsibility of providing leadership for the Resident Advisors in your building. The Head Resident is a thinking, feeling, talking, doing, organizing, studying human being — in short, a student just like you — who enjoys working with, listening to, and helping others. Your HR will not be a social director, parent surrogate, or minicop. These students are advisors who are not going to solve life's problems for you but, as an interested and concerned friend, can help a great deal. You will find that a HR will confront a student when he/she refuses to act responsibly. Some of the common ways this can be done are: a reminder to the person(s) involved of their responsibility to the living community; warning of the consequences that a person brings upon himself by ignoring a guideline; involving upper level staff members; and/or asking for assistance from Public Safety.

RESIDENT ADVISORS (RA's)

An RA is an undergraduate staff member who resides on your floor in the residence hall. Your RA will quickly become one of the most important persons you will get to know. His/Her concern is to promote personal growth among residents of the floor. Each RA is committed to working with students in developing a sense of community. This is accomplished by him/her being a combination of friend, programmer, advisor, information giver, counselor, resource person, and landlord (of a sort). RA's are an integral part of the residence hall staff.

FRATERNITY COUNSELORS (FC's)

Fraternity Counselors are graduate or upperclass staff members with the primary live-in responsibility for the student development programming and

administrative management of a fraternity house. By establishing and maintaining cooperative relationship with the leadership and general membership of the fraternity, the fraternity counselor strives to accomplish the educational goals of Stetson University, the Residential Life Program, as well as the Greek System.

SORORITY COUNSELORS (SC's)

Each sorority house is directed by a Sorority Counselor who is responsible for the overall management of the house. The SC is available to confront, counsel, and advise students, as well as develop programs which will assist the leadership and membership of the sorority in meeting their social and educational needs.

STETSON UNIVERSITY RESIDENCE FACILITIES

EAST AREA

CARSON HALL - Named for Dean G. Prentice Carson who came to Stetson in 1887 as a professor. He became Dean of the College of Liberal Arts from 1912-1934 and Dean Emeritus 1934-1946. Carson Hall was remodeled in the summer of 1983 and houses 50 men. This air conditioned facility also houses a TV lounge, large laundry facility (which is shared with residents from other halls), and a full kitchen.

GORDIS HALL - Named for Dr. Warren Stone Gordis, who came to Stetson in the fall of 1888 to serve as a Latin professor. He also served as Greek professor from 1912-1946, and as Professor Emeritus of Greek from 1946-1956. Gordis Hall is a modern residence hall facility which houses 147 men. Completely renovated in the summer of 1985, facilities include individual hall lounges, TV lounge, microwave cooking area, and is adjacent to the intramural and soccer fields.

HOLLIS HALL - Formerly a wing of Carson Hall and renovated in the summer of 1983 to house 51 women, Hollis Hall is named for Nina B. Hollis, wife, mother and grandmother of three generations of Stetson degree recipients, and whose son is currently a Stetson University trustee. The hall is air conditioned and includes individual hall lounges and a formal living area on the first floor. Residents share a newly renovated laundry area, TV room and kitchen with Carson Hall residents.

NEMEC HALL - Formerly known as New Men's Hall, this hall was renamed in 1988 to honor the generosity of Stetson alumni James and Ruth Nemec, benefactors of the University. Built in 1966, this residence hall has five modules, each of which houses 15 men and 15 women. Rooms are organized to open onto a central lounge area which facilitates group unity on individual floor units. Renovated in the summer of 1988, Nemec Hall is air conditioned and includes a TV lounge, kitchen, laundry, and study areas. Nemec is also the home of two of the specialty housing areas.

SMITH HALL - Named for J. Archy Smith, who was a professor of Mathematics from 1900-1925 and Dean of the University from 1900-1914. Renovated in the summer of 1986, Smith Hall houses 108 men and 56 women. It is air conditioned and facilities include individual hall lounges and laundry facilities.

WEST AREA

CHAUDOIN HALL - Named for Dr. W.N. Chaudoin, who was president, corresponding secretary and treasurer for the Southern Baptist Convention 1880-1901, and was a trustee of Stetson University 1886-1904. Chaudoin Hall was originally built in three sections: the center in 1892, the north

wing in 1894, and the south wing in 1935. Today Chaudoin is a modern air conditioned residence hall that serves as a "home away from home" for 242 women. The first floor lounge is decorated with turn of the century antiques which reflect the building's heritage. Student facilities include a kitchen, laundry room, study rooms, an aerobics studio and a sun-deck area.

CONRAD HALL - Built in 1909 and named for J.B. Conrad, a lumber man who owned a large sawmill near Glenwood, this hall currently houses 85 women. Renovated in the summer of 1983, Conrad is air conditioned and has laundry facilities, individual study rooms, and a kitchen.

EMILY HALL - Named in honor of Emily (Mrs. J. Ollie) Edmunds, this hall is the largest residence hall on campus and houses men on the north wing and women on the south wing. Its multi-level floor plan provides for group unity on individual floors. Renovated in the summer of 1988, the facility is air conditioned and includes a full kitchen, laundry facilities, study rooms, and a TV lounge.

STETSON HALL - The second building erected on campus and named for Mr. J.B. Stetson, who became interested in the young school and donated the largest amount of money towards the completion of the building, Stetson Hall houses 91 women and 75 men. The building was restored during the summer of 1984 and is the most centrally located residence hall on campus. Stetson Hall facilities include air conditioning, laundry facilities, TV lounge, individual study rooms, and a large kitchen.

ADDITIONAL FACILITIES

FRATERNITY COMPLEX - One-hundred thirty-five members of five national fraternities reside in five two-story houses. Each house on Fraternity Row accommodates 28 students and is located adjacent to Edmunds Center on the northern end of the campus. These air conditioned structures were built in the 1960's and include large meeting rooms, TV lounges, individual study rooms, laundry facilities and backyard patios.

SORORITY COMPLEX - The Sorority Row complex was built in 1987 and is located behind the Carlton Union Building. Sorority Row consists of six two-story houses in which a total of 96 students reside. Each house is home to 16 national sorority members. These air conditioned houses include chapter rooms, laundry facilities and study rooms.

FOREIGN LANGUAGE/INTERNATIONAL HOUSE - This unique area is set aside for students who are activitely enrolled in the study of foreign languages (French, German, Spanish or Russian) and/or are international students. Program emphasis will be on activities which complement/enhance classroom instruction in these areas and allow students to increase their language proficiency. Students will have the opportunity to ex-

plore various aspects of cultures through interaction with other students, faculty and staff.

The Foreign Language/International House is located in House 3, adjacent to Sorority Row and Conrad Hall. Assignment to this area will be contingent upon approval from the Chairman, Department of Foreign Languages.

A RESIDENT'S CONTRACTUAL AGREEMENT

The Department of Residential Life desires to provide housing of the highest quality possible for its students at the lowest possible rate and, for that reason, must operate the residence facilities on a contract basis for the full academic year. Printed below for quick reference are some of the major provisions of the Housing Agreement. Since it is a legally binding document, please become familiar with all of its provisions.

1. Residence Requirement

All students must live in University residence facilities unless they meet one or more of the following criteria:

a. The student reaches the age of twenty-one (21) before the effective date of the Agreement (June 1).
b. The student is married.
c. The student resides with immediate family.
d. The student has earned 60 credit hours before the effective date of the Agreement.

2. Duration of Agreement

Submitting a housing application that is not cancelled before May 1st for new students or before June 1st for returning students (if the student meets the cancellation provisions) legally commits the student to living in University residence facilities through the end of spring semester of that contract year.

3. Cancellation Procedures

The Housing Agreement may be terminated by a student during the academic year for the following reason: non-enrollment, withdrawal, graduation, academic suspension, enrolling for less than eight hours, marriage. Students who meet the residence requirement prior to the signing of the Agreement, or students who meet the residence requirement during the academic year, are bound to the contract for the full academic year if enrolled. These students are not eligible to petition for termination of the agreement.

4. Procedure for Termination of Agreement

In order to terminate this Agreement, the student must: (1) submit a written petition to the Residence Hall Housing Agreement Committee (RHHAC) at least 30 days prior to the first day of registration for the semester for which the student desires to terminate the Agreement; and (2) receive specific written permission from the Residence Hall Housing Agreement Com-

mitee. Petitions received after the 30 day deadline has passed will not be considered unless extreme circumstances can be demonstrated.

If an exception is made by having a petition approved after the deadline due to extenuating circumstances, the student would pay a penalty fee of $300.00. Otherwise, these students shall be obligated as residents for the remainder of the academic year.

5. Renewal of Agreement for Re-Enrollees

If a student withdraws from the University and then re-enrolls during the same academic year, the Agreement obligation is continued for the remainder of the contractual period.

6. Cancellation of Agreement by University

This Agreement may be cancelled or room assignments changed by the Director of Residential Life in the interest of order, health, best use of the facilities, or discipline. If a student exhibits disruptive, irresponsible, or inconsiderate behavior and constitutes a deterrent to orderly community living, the student, after a conference hearing is held, may have the room assignment changed or the Agreement cancelled.

7. Rightful Occupancy of Student Rooms

Rooms may be occupied only by students to whom they are assigned. Rooms may not be sublet to other persons. Room transfers may be made only after written approval by the Department of Residential Life. Monetary charges and/or disciplinary action will be taken against violators of this provision.

8. Legal Liabilities of University

The University shall not be liable for loss or damage of personal property or failure or interruption of utilities. Students are encouraged to provide their own personal property insurance. Every attempt will be made by the Department of Residential Life to give advance notice to occupants of utility interruption, repairs, etc., and to work expeditiously for the restoration of services.

9. Care of Residence Hall Space

The care of the individually assigned rooms in the residence halls shall be the responsibility of each occupant. Upon initial occupancy of an assigned room, each resident shall sign a Room Inventory Form attesting to the condition of the room and its furnishings at that time. Each student will be checked out by a member of the Residence Hall Staff at the end of the period of residency. Failure to check out in this manner will result in a $50.00 assessment. Damage occurring within the room will be the responsibility of the assigned occupant(s). Damage occurring to a common area as a result of the action of students shall result in a recovery assessment to all students responsible. Where insufficient evidence exists to charge individual student(s), assessments for damage may be made to all students assigned to a hall, floor, or an entire building, as appropriate.

STUDENT RIGHTS AND RESPONSIBILITIES

WHO HAS THE RESPONSIBILITY?

The Residential Education staff's relationship with students is based on the assumption that residents are in fact adults, capable of initiating reasonable decisions to ensure their own rights and to respect the rights of others. Because we regard residents as adults, we do not have a long list of rules and regulations to which you must conform, and we do not have residence hall discipline boards to sentence violators. Instead, we emphasize freedom, self-direction and responsibility. To be sure, whereas many residence facilities are obedience-oriented and attempt to control behavior, we at Stetson University are responsibility-oriented and encourage you and your group (floor) to handle your own problems. However, when a few individuals choose to behave more like children than adults, the residence facilities take on a "childish image," and many people expect the staff to function as a parent and control the childish behavior. The real issue here is that the residence facility is YOUR home, and you must determine the kind of home it will be. We are hopeful that you will not break the rules.

As a member of the Stetson University residential commuity, you have...

RIGHTS AND RESPONSIBILITIES

YOU HAVE THE RIGHT...to pursue your studies in a pleasant and secure environment.

YOU HAVE RESPONSIBILITIES...which include knowing what the rules and standards for the Stetson University residential community are all about, and then abiding by those rules and standards.

SIX GREAT EXCUSES FOR BREAKING THE RULES...

...THAT WON'T WORK!!!!

I. VANDALISM/PROPERTY DAMAGE

"IT'S JUST SOMETHING THAT HAPPENED. WE DIDN'T MEAN TO BREAK ANYTHING. IT JUST GOT A LITTLE OUT OF HAND."

Every unnecessary repair to the residence facilities ultimately gets passed on to you in the form of higher housing costs. As members of this community, you are expected to protect what is essentially your own property. If you choose not to do so, acts of vandalism and property damage (including vandalism/damage to vending machines) will be responded to as follows:

1. Any student who accidentally causes damage to any Stetson property (including vending machines) must immediately report such damages to his/her staff member (RA, FC, SC). If the student's staff member is not available, it is the student's responsibility to contact another RA, FC, or SC, or HR or Assistant Director of Residential Life, in that order. If the incident is determined by the staff member to be an accident and the above procedure has been followed, the incident will not be considered a first-time vandalism offense. The occurrence of any second incident of damage by accident within the same academic year will be considered a first-time vandalism offense and thus subject to administrative review by the staff in the Department of Residential Life. Such review may include disciplinary action being taken against the student.

2. Any student who fails to follow the above procedure shall be subject to the disciplinary action indicated below and the incident will be considered a first-time offense of vandalism.

3. Any student cited for a second act of vandalism for damage to Stetson University property (including vending machines) within any one academic year will be removed immediately from the residence facility and:

a. Referred to the Student Judicial Officer for adjudication.

II. ALCOHOL

"JUST SIX MONTHS AGO, BACK HOME, I WAS DRINKING LEGALLY...THIS RULE IS RIDICULOUS."

Stetson has a long-standing policy which prohibits unlawful possession, use, or distribution of illicit drugs and possession, use or distribution of alcohol by students and employees on the campus. This policy expresses our **ideal** for an alcohol-free learning environment. Therefore, Stetson University does not condone or sanction the possession, use, or distribution of alcoholic beverages on or off the campus. The staff of each residence facility does not play the role of being a "police officer" by searching individual resident rooms for alcoholic beverages; however, if residents are seen violating this policy, the resident then forces staff member confrontation.

The consequences for this behavior include:

a. 1st violation - a verbal warning will be issued and the incident documented.

b. 2nd violation - the student will be referred to their respective Assistant Director of Residential Life. A decision will then be made whether to refer the student to the Student Judicial Officer for disciplinary action, which could include:

1) Immediate removal from the residence facility.

2) Adjudication with appropriate penalties.

III. DRUGS

"EVERYONE DOES IT...YOU MIGHT AS WELL BUST THE WHOLE CAMPUS."

Despite changing values and social patterns, strict and clear laws regulate the purchase, possession, and use of all drugs not prescribed by a physician, including marijuana. These laws apply here on campus as well. The residence education staff will not search individual rooms without sufficient cause. However, if sufficient evidence is known, a room search will be made. Should evidence be found to warrant staff action, the Head Resident, Fraternity Counselor or Sorority Counselor will refer the matter through the respective Campus Life professional staff member to the Student Judicial Officer for disciplinary action which will include immediate removal from the residence facility and suspension from Stetson University.

It is also possible a warrant for the student's arrest will be issued for the use, possession, or sale of drugs (the possession and/or sale of drugs is a violation of Florida State Law and could result in prosecution).

IV. DISRUPTIVE BEHAVIOR

"I LIVE HERE, TOO...I'VE GOT THE RIGHT TO DO WHATEVER I WANT TO."

The Residential Education staff strongly advocates students taking care of their own problems. When fellow residents make conscientious efforts to deal with students displaying disruptive behavior and those efforts are futile, the staff will become actively involved. Disruptive behavior includes excessive noise, the possession or use of fireworks, harrassment of another individual, and non-cooperation with University staff members.

The results of engagement in disruptive behavior will be:

a. 1st violation - a verbal warning will be issued and the incident documented.

b. 2nd violation - the student will be referred to the Assistant Director of Residential Life. A decision will then be made whether to refer the student to the Student Judicial Officer for disciplinary action, which could include:

   1) a room reassignment OR removal from the residence facility.

   2) Adjudication with appropriate penalties.

V. THEFT

"IT'S THE UNIVERSITY'S...HEY, IT REALLY DOESN'T BELONG TO ANYONE."

If students insist on leaving their rooms unlocked and bikes unchained, there will always be thefts occurring. It is a shame that people desire to be volunteer victims in this manner. We must then deal with those residents who choose not to be honest. Therefore, the taking of University property or property belonging to any member of the Stetson community is prohibited. If a student is suspected of theft, evidence will be pursued in order to clear or convict the student. If evidence indicates that the person is responsible for the theft, the resident will be referred to the Student Judicial Officer for disciplinary action which could likely include suspension from Stetson University.

VI. VISITATION

"WHAT'S THE BIG DEAL? WE WERE ONLY 30 MINUTES LATE IN LEAVING."

Along with visitation in the men's and women's housing areas come certain restrictions. Members of the opposite sex are allowed in the residence facilities only within the established visitation hours. If residents are seen violating this policy, the resident forces staff confrontation. If evidence indicates that the person remained, or intended to remain, overnight, the incident will be referred to the Student Judicial Officer for disciplinary action which could include immediate removal from the residence facility as well as disciplinary probation and appropriate penalties OR suspension from Stetson University.

The consequences for non-overnight violation of visitation include:

a. 1st violation - a verbal warning will be issued and the incident documented.

b. 2nd violation - the student will be referred to the Assistant Director of Residential Life. A decision will then be made whether to refer the student to the Student Judicial Officer for disciplinary action which could include:

   1) Removal from the residence facility.

   2) Adjudication with appropriate penalties.

****

Our disciplinary process has been designed by members of the Residential Education staff with your RIGHTS AND RESPONSIBILITIES in mind.

What happens if your RIGHTS are violated?

Any violation of community standards is a violation of your rights and you are encouraged to make reasonable attempts to correct the situation.

If the matter remains unresolved, you are expected to report the violation to a Residential Education staff member. The matter will then be referred to the appropriate person(s).

What happens if you violate the RIGHTS of others?

It is our hope that students will not violate the standards of our community. However, this depends on the cooperation and willingness of each student to respect the rights of others and the rights of the University. Should a student violate the rights of others in the area included above, then the University of necessity finds itself in a position where the severe actions listed will have to be taken. These actions mean that a student cannot be a part of the University community and must be asked to leave.

Noise, visitation, problems with floormates, entry of rooms by peers, etc., are issues that your living unit can resolve, using collective decisions to establish standards of behavior. For example, your floor/living group may want to establish specific quiet hours, or even specific prohibitions on other behaviors covered under mutual respect and consideration.

Our intention in publishing "Six Great Excuses" has been to communicate to you an understanding of the uniformity that we want our rules and standards to have, as well as the consequences of aberrant behavior. For procedural information, refer to the judiciary sections of this handbook.

Our efforts in dealing with rule infractions will be as consistent as possible. Moreover, we are dedicated to helping students grow and develop; therefore, decisions on discipline will vary according to the nature and frequency of offense.

RESIDENCE HALL POLICIES

APPLIANCES

Certain appliances — coffee makers, hot pots, hot air popcorn poppers and microwave ovens — are permitted in the rooms. However, the following appliances are NOT permitted: hot plates, toaster ovens, crockpots, open coil appliances and electric woks and/or skillets.

Additionally, burning candles or open flames (i.e., potpourri or incense pots) will not be permitted.

No extension cords will be allowed in the residence facilities. If there is a need for multiple plugs (i.e., over and above those outlets provided), residents must provide a strip outlet which meets the following specifications:

1. Must be UL approved and include a circuit breaker;
2. Must be 15 amps, 14 gauge;
3. Must be 120-125 volts;
4. Cannot have more than six (6) grounded power outlets per strip.

These strip outlets are available in the Stetson University Bookstore and in area department stores.

Small refrigerators are permissible but cannot be larger than 5 cu. ft. The Department of Residential Life rents refrigerators at a cost of $35.00 per year (plus a $10.00 deposit, which is refundable at the end of the year when the unit is returned).

BELONGINGS BETWEEN SEMESTERS

Residents may leave their belongings in their rooms at the end of Fall Semester and Winter Terms only, during the Housing Agreement period when the student is in residence. All belongings must be removed at the end of Spring Semester and at the end of Summer Semester. The University cannot be responsible for any lost or stolen objects. If belongings are left in your room during the allowed periods and you decide not to return to Stetson, you must remove them by the day prior to the official opening of the residence facilities or you will be billed for moving them into storage. Articles left in storage 20 days without the student being enrolled will be disposed of.

BICYCLES/MOTORCYCLES

Bicycles/motorcycles are **NOT ALLOWED** in stairwells or hallways and must be kept outside. This is a standard fire safety procedure. You would be wise to bring a cover for whatever kind of two-wheeler you ride, as well as secure locks. Bike racks are available. Covered bike lockers, located behind Chaudoin Hall, are also available for rent, and can be reserved by contacting the Operations Assistant in the Department of Residential Life located in Room 211, Carlton Union Building.

CHECK IN/CHECK OUT PROCEDURES

The care of the individually assigned rooms in the residence facilities shall be the responsibility of each occupant. Upon initial occupancy of an assigned room, each resident is required to sign a Room Inventory Form attesting to the condition of the room and its furnishings at that time. Each student will be checked out individually by a member of the Residence Education staff at the end of the period of residency. Failure to check out in this manner will result in a $50.00 assessment as well as a $25.00 cleaning charge, if appropriate. Damages occurring within the room will be the responsibility of the assigned occupant(s).

CHECK OUT INFORMATION

In order to facilitate a residence facility check out procedure which is both expedient and complete, we are requesting your assistance with the following check out procedures.

1. Sign up with your Resident Advisor, Fraternity Counselor or Sorority Counselor for a check out time. Remember he/she is taking finals, too!
2. Restore the walls, ceilings, doors and windows to their original state by removing posters, shelves, decals, etc., and touching up.
3. Dresser drawers must be emptied and dusted out.
4. All personal property and trash must be removed from the building.
5. University beds which have been disassembled must be reassembled and returned to your room. Upside down beds must be returned to rightside up position.
6. Windows should be locked, with air conditioning and room lights turned off.

RESIDENTS WHO FAIL TO CHECK OUT PROPERLY WILL BE CHARGED $50.00 FOR IMPROPER CHECK OUT, PLUS ANY OTHER CHARGES PENDING.

DAMAGES TO COMMON AREAS

A "common area" within a University residence facility for purposes of damage control and monetary assessment shall be defined as follows: any area or facility other than a resident's room, made available for use by all students living on a floor, hall, or within an entire building. Damages which occur to the common area as a result of the action of the student(s) shall result in a "recovery assessment" to the student(s) responsible. Where insufficient evidence exists to charge any individual(s), assessment for damage may be made to all students assigned to a hall, floor, or an entire building as appropriate.

FIRE AND SAFETY EQUIPMENT

When an alarm goes off, everyone must leave the building. At this time, your staff member will account for each resident.

Any student who, in an unauthorized manner, tampers with or improperly handles fire and/or safety equipment (including but not limited to fire extinguishers, fire hoses, smoke alarms and fire alarms) shall be removed from the residence facility and shall be subject to University disciplinary action.

For your information, please understand that the University is strictly enforcing the appliance policy, and should a student or students trigger a fire alarm by violating that policy or for any other inappropriate action (including but not limited to excessive smoke or steam from cooking appliances, etc.), the student(s) will be fined $125.00 each and adjudicated.

HOLIDAY PERIODS

All residence halls shall be closed during official University holiday periods. The right to grant occupancy of the residence facilities during these periods by current resident students is reserved by the University. At the discretion of the University, residents may remain in the residence facilities during Thanksgiving Break and Spring Break ONLY, by securing approval in advance of such periods, and by moving into a specified consolidated area, by the Department of Residential Life.

LOST KEYS

Residents reporting lost room key(s) will have their room rekeyed (new tumbler combination) and supplied with one key per occupant. Each time a key is lost, the resident responsible will be charged $25.00 for replacement of the room key(s).

Maintenance will notify the resident when the new key is ready for pick up by placing a sticker on that resident's room door. It will then be the resident's responsibility to pick up the new key(s) from the Physical Plant within three (3) business days. If the resident fails to pick up the new key(s) by the end of the third day, he/she will be charged an additional $25.00.

Residence facility keys should not be commercially copied as the use of copy keys results in excessive wear and damage to the entrance door locks. If a resident is found to be using a commercially copied key (i.e., other than a Stetson-issued key), he/she will be fined $50.00 in addition to the $25.00 for a University replacement key. At the time of check out, students must turn in their room key or be subject to an improper check out charge and/or lost key charge of $25.00.

MISAPPROPRIATION OF FURNITURE

The furniture in public areas is put there for public use and is not to be moved from these public areas into student rooms. Any student(s) found to have this furniture in their rooms will be subject to disciplinary action.

OVERNIGHT GUEST POLICY

Stetson University encourages prospective students and friends of current students to visit the campus. In order to provide accommodations for guests, we require that all guests be registered with the respective Head Resident, Fraternity Counselor or Sorority Counselor and that they limit their stay to two nights on campus (unless special permission is granted). If the guest brings their car on campus, it must be registered with the Public Safety Office. Guests are subject to the same regulations as are students, therefore residents bear equal responsibilities with their guests for conduct on campus.

PETS

No pets of any kind (except fish) are allowed in the residence facilities, or on property immediately surrounding these facilities, due to safety and sanitation concerns. Students who violate this policy will be subject to disciplinary actions which may include removal from the facility. Students will also be held financially responsible for extermination services made necessary by a pet's presence.

ROOM CHANGES

Room or roommate changes will be made **ONLY** in the event of special/unusual circumstances. To petition for a change, all residents involved must first meet with their HR, FC or SC. All efforts will be made to resolve the problem without necessitating an actual room/roommate change. No one will be permitted to make a room/roommate change without the written approval of the HR(s), FC orSC and the Assistant Director of Residential Life. If one of the residents of a double room moves from that room (or does not show up at the beginning of a semester), the Department of Residential Life may: assign a roommate for the remaining resident; consolidate available spaces; or, if space allows, at the student's request, assign a double room as a single by adding an additional fee.

ROOM ENTRY

Members of the Campus Life staff, which includes the residence education staff, maintain the right to enter a student's room if there is reasonable cause to believe that the safety and/or welfare of the occupant(s) is at stake or the physical property of the University is in jeopardy. They also have the

right to enter the room if there is reasonable cause to believe that University, local, State or Federal laws are being violated, and for routine maintenance and property inspection (Art. XI, Sec. 1, Judiciary Council Constitution).

SMOKING POLICY

There is a no-smoking policy in effect throughout the campus (see Policy on Smoking in the Campus Life Handbook section of this book). However, smoking is permitted ONLY in individual resident rooms, if agreeable to both occupants. There is absolutely NO SMOKING in the halls OR lounges of the residential facilities.

SOLICITATION

No door-to-door peddling is permitted in the residence facilities. Permission must be obtained from Campus Life by anybody desiring to conduct commercial solicitation on the Stetson University campus. If permission is granted, a written permit will be issued containing all the information pertinent to the solicitation after which the person conducting the solicitation may conduct his/her business according to the following guidelines:

1) Presentations will be conducted on a one-to-one basis; there will be no group presentations allowed in the residence facilities.
2) No consummation of sales allowed in individual residence facility rooms or halls.
3) Presentations will not be allowed in public areas of residence facilities.
4) Group presentations are allowed only in designated areas of the Carlton Union Building.
5) The Department of Public Safety must be contacted and the permit presented each time a new presentation is made on campus.

VISITATION

Visitation hours for the residence facilities are as follows:

Carson-Hollis, Chaudoin, Conrad, Gordis, Nemex and Smith Halls; Fraternity Houses and Sorority Houses:

Sunday through Thursday 10:00 a.m. - 12:30 a.m.
Friday and Saturday 10:00 a.m. - 2:00 a.m.

Emily Hall and Stetson Hall:

Monday through Thursday 10:00 a.m. - 12:30 a.m.
Weekends 10:00 a.m. Friday through 12:30 a.m. Monday

Specialty housing areas which include the Honors Area, the Environmental/Social Concern Area and the Language House will have traditional visitation hours as described above for Nemec Hall, Sunday through Thursday. Weekend visitation hours for individual floor lounges in specialty housing areas will be 10:00 a.m. Friday through 12:30 a.m. Monday.

FIRE PROCEDURES

IF A RESIDENT SEES OR EVEN SUSPECTS A FIRE IN:

CARSON, CHAUDOIN, CONRAD, EMILY, HOLLIS, NEMEC, STETSON HALLS, SORORITY HOUSES OR LANGUAGE HOUSE

All have automatic alarms which should already be activated, in which case you need to follow steps 3 and 4 below. However, if alarm should NOT be activated, follow steps 2 , 3 and 4 below.

GORDIS, SMITH HALL AND FRATERNITY HOUSES

These facilities have individual room battery-operated smoke detectors and if one is activated, follow steps 1, 2, 3 and 4 below. Facilities also have pull station alarms and residents should learn locations of these stations, and then follow steps 1 through 4 below.

1. **PULL THE CLOSEST FIRE ALARM** (only in buildings with pull stations).
2. **CALL THE DELAND FIRE DEPARTMENT - 9 - 911.**
3. **CALL STETSON PUBLIC SAFETY - 7300.**
4. **TRY TO NOTIFY A STAFF MEMBER OF YOUR SIGHTING OR SUSPICION.**

FIRE SAFETY

Should an emergency situation develop in your residence facility, students will be notified by the residence education staff. Because of the variations in physical design of the residence facilities on campus, instructions will be given according to the particular facility's requirements.

Besides being an annoyance, a false fire alarm can endanger the safety and lives of fellow residents.

Florida state law strictly prohibits anyone from tampering with fire and safety equipment in the residence facilities or any campus building. This means that pulling false fire alarms, discharging fire extinguishers, removing exit signs, and activating fire hoses are not tolerated and a student doing such is subject to removal from the residence facilities and possible criminal prosecution.

In addition, it is against University regulations for any residents to possess firearms, fireworks or explosive devices in the residence facilities.

Because several fires have been caused in the residence halls by burning candles and/or the use of open coil electrical appliances or open flames, these types of appliances are not allowed in student rooms in any of the residence halls.

Because of the potential danger to other residents, trash, bottles, bicycles or other property are not to be left in the facility corridors or stairwells. Hallways should be kept clear of any obstructions, in case of fire.

FIRE PRECAUTIONS

Here are a few things to keep in mind to prevent the possibility of a fire:

1) Avoid using flammable room decorations.
2) Always use an ashtay when smoking. Be sure to extinguish cigarettes before leaving area or when emptying ashtrays. Do NOT smoke in bed.
3) Do not use candles or open flames. They are prohibited in residence facilities.
4) Do not overload circuits — never use multiple plugs or extension cords.
5) Do not place electrical wiring under rugs, carpets, mattresses, bed springs, or around door and window casements.
6) Never use frayed or broken wires.
7) Use of live Christmas trees is prohibited in residence facilities. No Christmas trees of any type should ever be placed in corridors and stairways.
8) Never store gasoline, oil, oilbase paint or oily rags in residence facilities.
9) Report any fire or empty fire extinguishers to the residence education staff.
10) If fire alarms sound, leave the building immediately by the nearest fire exit.

FIRE ALARM INSTRUCTIONS

Familiarize yourself with the fire evacuation plan for your residence facility. Residents should do the following when the fire alarm sounds:

1) Proceed immediately to the nearest designated exit. When possible:
   - Wear a jacket and shoes.
   - Take a large bath towel with you (to cover your face in the event of intense heat and dense smoke).
   - Close your room windows.
   - Leave the ceiling light on.
   - Leave your room door closed but unlocked.
2) Residents who are in rooms other than their own at the time of the alarm should evacuate the building with the wing on which they are visiting.
3) Once out of the facility, stay away from the area immediately surrounding the building.
4) Do not reenter the building until given permission by the Fire Department or Residential Life personnel.

If there is a fire, certain precautions should be taken.

a) Stay low to the floor to protect yourself from smoke and toxic gases.
b) Check your door before opening it. If it is hot, **DO NOT OPEN** the door. If the door is cool and your path is clear to the exit, leave the building as soon as possible, closing your door behind you.
c) If you cannot leave your room, DO NOT panic. Sheets and towels placed at the base of the door will help keep smoke out of the room. Signal for fire fighters by hanging a sheet or blanket out of a window or use a flashlight, then stay low. All rooms in a fire area are immediately searched by fire fighters who arrive only minutes after an alarm is turned on.

RESIDENCE HALL FACILITIES

CARSON HALL HEALTH CLUB

Located on the ground floor of Carson Hall, the Health Club facility provides students with access to Olympic weights, assorted barbells, dumbbells, squat rack, power benches, incline board, a heavy bag for boxing, and a custom built Swedish (in rock) sauna. The Health Club is staffed by students who provide assistance to members. There is a nominal membership fee and interested students should sign up with the Operations Assistant, Department of Residential Life, located in Room 211 of the Carlton Union Building.

CHAUDOIN HALL AEROBICS STUDIO

The Chaudoin Hall Aerobics Studio is located on the first floor of Chaudoin Hall, just off the Fireside Lobby. The aerobics studio is equipped with a stationary bicycle, a ballet bar, and stereo system. Each semester a schedule of classes is organized, featuring a variety of skill levels, including STEP aerobics. The studio has a maximum capacity of 20 persons, with the exception of STEP aerobics which is limited to 12 participants, and classes are filled on a first-come, first-served basis.

LINEN AND LAUNDRY FACILITIES

A dirty subejct, but the savings you receive from the laundry facilities...coin operated washers and dryers in every residence facility (except Gordis, which shares the large facilities in Carson)...brighten the topic. Students are responsible for providing their own linen.

VENDING MACHINES

Every residence facility has several mechanical hunger and thirst quenchers. They are quite handy to have around when the late night munchies

strike. If a machine gets greedy, see the Operations Assistant, Department of Residential Life, located on the second floor of the Carlton Union Building in Room 211, for a refund. Don't get angry with the machine if it malfunctions - just report the problem to the Operations Assistant, and should you see someone else vandalizing/damaging a vending machine, please report the incident and/or person immediately to Public Safety.

STRATEGIES FOR SURVIVING A ROOMMATE

Congratulations! You've moved into your residence facility, your new home. Feeling a bit uneasy? Wondering what your new roommate will be like? Your new roommate may be an old high school friend, distant cousin, friend of a friend, somebody's brother or sister, or a total stranger. The Department of Residential Life staff has made a concerted effort to pair you with a roommate with whom you have much in common. But regardless of how well you know or don't know your new roommate, it will take a lot of work for the two of you to develop a good relationship.

Living with another person has so much potential for personal growth. It's important to note that roommates do not have to be best friends. It is not necessary to share every aspect of college life together. In fact, learning to accept each other's differences — without infringing on one another's rights — can be a valuable part of your education. It will be one of the best opportunities you ever have to learn the skills needed to live successfully with anyone, anywhere.

Remember, developing a good relationship is a process — it does not take place overnight — it takes time and effort.

QUESTIONS TO ASK EACH OTHER (AND YOURSELF!)

- Will smoking be allowed in the room?
- What about guests dropping by? How often? How late? Weekend visitors?
- What time do you go to sleep? What time do you get up? Are you a light or heavy sleeper? DO YOU SNORE?
- How much do you study? When do you study? How quiet does the room have to be for you to be able to study?
- What kind of music do you like? How loud? Will you use headphones?
- How hot or cold do you like the room?
- Which things of yours are OK to borrow? Which things are strictly off-limits?
- How neat and clean do you want the room? How do we decide who cleans what and when? What is clean? What is messy?
- How will we decorate the room?
- What about food in the room? Do we share?

SURVIVAL TIPS

- Never assume your roommate is just like you — you are both individuals.
- Always ask permission — don't just borrow the sweater or eat the cookies, even if you think it's probably OK.
- Listen to your roommate — make sure you understand how your roommate feels.
- Realize there is no such thing as a perfect roommate. Concentate on making this roommate relationship work out.
- Take good telephone messages.
- Appreciate your roommate — praise and common courtesy can help any close relationship. Never take your roommate for granted.
- Don't let little things build up — talk about minor things when they happen. Don't wait for the "last straw."
- Avoid being judgmental — you aren't your roommate's keeper!
- Be willing to compromise — set the tone to solve a problem, not complain about it.
- Be assertive! If you don't stand up for yourself, nobody else will.
- Ask your staff member for advice. They are trained to help mediate conflicts.

RESOLVING DIFFERENCES

If problems or concerns between you and your roommate seem to be irresolvable, seek objective assistance from your staff member and take the following steps.

- Get together everyone who is involved.
- Allow everyone to take a turn describing his/her perception of the situation, how he/she feels about it, and what he/she wants.
- Come to an agreement on what the conflict is.
- Everyone should take a turn describing a possible solution to the conflict.
- Come to an agreement on the solution.
- Make a plan of action which will help achieve the desired solution and set a time frame for these changes.
- Commit to making the necessary changes.
- Set a future date to evaluate the situation with your staff member.

WHERE DO I GO TO...

CHANGE CLASSES... To the Registrar's Office to pick up class change cards, then on to the respective professor.

WITHDRAW... If this becomes necessary, you need to begin the procedure by seeing the Assistant Dean of Campus Life, Room 217 in the Carlton Union Building.

CASH A CHECK... The Bookstore will graciously cash a check up to $50.00 — if you have your ID, and funds providing! (Note: There is a $.25 service charge.)

QUICK CASH... The automatic teller machine in the CUB will provide cash for First Union National Bank of Florida accounts and "Honor" card holders.

INQUIRE ABOUT FINANCIAL AID OR PART-TIME WORK... The Financial Aid Office is located in Griffith Hall. The Director of Career Service's office is located in the basement of Flagler Hall and is a good source of job information.

FIND A LOST... If you lose, or for that matter, find something, check with the Public Safety Office, 405 N. Amelia Avenue.

CLEAR UP A TRAFFIC TICKET... If one of those yellow tickets appear on the windshield of your car, you can pay for it in the Traffic Office, located in the Department of Public Safety, 405 N. Amelia Avenue. Hours are 9:00 a.m. to 3:00 p.m.

DECLARE MY MAJOR... You make an appointment with the Dean of your particular school (i.e., Arts & Science, Music, Business).

TAKE CARE OF MAINTENANCE PROBLEMS...for leaky faucets, faulty light switches, broken locks, running toilets, etc., talk to your staff member who will fill out a maintenance request form. If you are responsible for damage to school property, it is advised that you report it immediately to a Residential Education staff member.

GET INVOLVED... The Director of Student Life in the Office of Campus Life is involved in every group (including the ones no one has ever heard of!) on campus. You can find out about any organization on campus, so feel free to drop by the Student Life Office located in Room 212 of the Carlton Union Building.

FIND A PERSON WHO WOULD LIKE TO LISTEN TO MY PROBLEMS... If you would like assistance in choosing a major, deciding on a vocation, developing study skills, or dealing with a personal problem, the Counseling Center personnel can assist you. The above, as well as many other ways of finding help to develop oneself, can be achieved at the Counseling Center.

IF I BECOME SICK... The Student Health Service, located at 549 Bert Fish Drive (across the street from the University pool) is staffed with several full-time nurses as well as a physician who sees students by appointment each day.

PARTICIPATE IN INTRAMURAL SPORTS... See your staff member who will be involved in organizing intramural residence facility teams for twelve seasonal sports.

CAMPUS FACILITIES: THE STETSON COMMUNITY

Ten of Stetson's most distinctive building make up the newly designated **Stetson University Campus National Historic District,** serving as reminders of the university's history as Florida's oldest private university, while fulfilling necessary academic and administrative functions:

DELAND HALL, the first building constructed on the campus, houses the offices of the President, the Provost, University Relations and Institutional Research.

In **ELIZABETH HALL** are the Chapel/Auditorium; and administrative offices for University Business and Finance, Personnel, Chapel and Church Relations; a number of classrooms for the College of Arts and Sciences and offices for the Departments of Communications Studies & Theatre Arts, Economics, History, Philosophy, and Political Science.

FLAGLER HALL was originally built for the Science Department and the College of Law (moved to St. Petersburg in 1954). It is now used for classrooms; departmental offices for English, humanities, psychology, and sociology; the data processing center; and the offices of the Registrar and Continuing Education.

SAMPSON HALL was Stetson's first library building. When a new library was constructed, the interior of Sampson Hall was remodeled for the Sampson Gallery of Art and for the departments of art, foreign languages, and American studies.

CUMMINGS GYM, on Woodland Boulevard, provides an area for informal recreation and physical education classes.

STOVER THEATRE was named in honor of Dr. Irving C. Stover, professor of speech and drama at Stetson for more than 50 years. It is the site of many plays and musical productions during the year.

Three university residence halls: **STETSON HALL, CHAUDOIN HALL,** and **CONRAD HALL,** belong to the campus National Historic District and continue to provide student housing.

The **ALLEN HOUSE** is a small, two-story building which is headquarters for Public Relations, including the News Bureau and Publications Services offices. It was among the first homes built in DeLand.

Completing the campus community are:

GRIFFITH HALL, completed in the summer of 1989 and named for alumni Jack and Edna Griffith, is next to the Bookstore. The offices of Admissions and Student Financial Planning are located here.

The **duPONT-BALL LIBRARY** was completed in 1964. It contains more than 400,000 catalogued items. Stetson was the first depository of federal government documents in Florida and has been designated as a depository of Florida government and Florida Baptist documents.

DAVIS HALL, home to the Division of Education as well as some departments of the School of Business Administration, was built in 1966.

SAGE HALL, is the physical and natural science center, housing the departments of biology, chemistry, and physics. It was completed in 1967.

UNIVERSITY RESIDENCE HALLS, including Emily Hall, Carson-Hollis Hall, Nemec Hall, Gordis Hall, Smith Hall and five on-campus fraternity and seven on-campus sorority houses provide housing for more than 1525 students.

ALLEN HALL was built for religious activities and to provide space for worship and recreation and for the Baptist Campus Ministry Offices. The building also includes offices and a classroom for the Department of Religion.

OUTDOOR RECREATIONAL AREAS include tennis courts on West University Avenue and on North Garfield, as well as Emily Field and Hollis Intramural Field.

ALUMNI HOUSE is located at 217 East Michigan Avenue. It is the home of Alumni Relations and the Office of Special Gifts.

The **COUNSELING CENTER** is in a large brick building at 145 East Michigan Avenue, near the south side of the library. It is to this center that students may go for counseling concerning personal and vocational problems.

The **EDMUNDS ACTIVITY CENTER** was completed in 1975 and is named for a former Stetson president and alumnus, Dr. J. Ollie Edmunds. This multi-purpose building contains staff offices and classrooms for the Physical Education Department; the basketball court, home of the Stetson Hatters; and student recreation rooms, saunas and weight lifting and various other equipment for athletic activities. The facility also can be used for dances, concerts, and entertainment of all kinds.

The **CARLTON UNION BUILDING,** the primary center for student life, was constructed in the mid-fifties. Named for former Florida governor and alumnus Doyle E. Carlton, the building houses food services, including the cafeteria, the Hat Rack grill, private banquet rooms, and the Stetson Room. Also included in the CUB are the Bookstore, the Post Office, and Campus Life offices. A large, student-run nightclub (Night Lites) is located on the second floor of the north end of the building. Student organizations, including the Student Association, Stetson Union Board, and student publications have offices there.

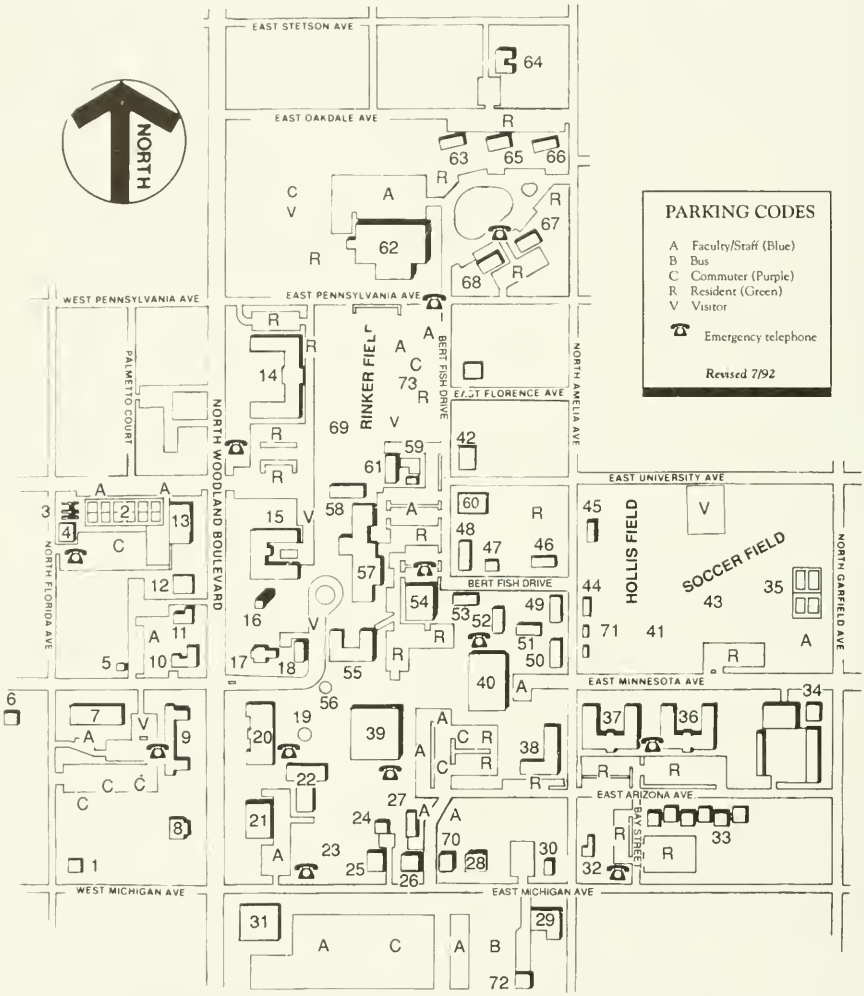
LYNN BUSINESS CENTER is the new home of the School of Business Administration. Acquired in 1990 through a gift from alumnus Eugene M. Lynn and his wife, Christine, the building houses classrooms and offices for the departments of finance, management, the George Investment Institute, the graduate program, and is being renovated to eventually serve all programs of the business school.

BRITTAIN HALL contains offices for the ROTC program.

The **OPERATIONS BUILDING** is located on the corner of East Minnesota Avenue and North Garfield Avenue. It is home to the Departments of Business Services and Physical Plant, and receiving/warehouse.

PRESSER HALL was constructed on the Stetson University Campus in 1968-69. The facility as originally designed in the late 1960's was a three-story building housing faculty studios, practice rooms,. a rehearsal hall, classrooms, library, conference room, storage areas and locker room as well as administration offices.

NOTES



STETSON UNIVERSITY

1. Henry DeLand House (West Volusia Historical Society, not university property)
2. Tennis Courts (varsity)
3. Racquetball Courts
4. Stover Theatre
5. Alpha Tau Omega (not university property)
6. University Guest House
7. Davis Hall (education/ philosophy/ sociology/computer lab/classrooms)
8. President's Home
9. Flagler Hall (Registrar/Career Services/Continuing Education/ Center for Study of Aging/ psychology/English/classrooms)
10. Allen Hall (Baptist Student Union/ religion)
11. Public Relations Office
12. Wesley House (Methodist Campus Ministry, not university property)
13. Cummings Gym (ROTC)
